

## Eisenhower Calls Security Huddle To Meet Red Menace

By MARVIN L. ARROWSMITH  
NEW YORK (AP)—President-elect Eisenhower called in the new administration's national defense and foreign policy chiefs today for a global strategy conference on security against the threat of communism.

Asked to attend the session were Charles E. Wilson, secretary of defense-designate; John Foster Dulles, who will be secretary of state; Harold E. Stassen, chosen to head the Mutual Security Agency; and Gen. Walter Bedell Smith, who will be under secretary of state and who now is chief of the Central Intelligence Agency.

**Size Up Future Needs**  
The conference was arranged after Eisenhower decided yesterday to send Dulles and Stassen to Europe at the end of this month—within two weeks after the President-elect takes office next Tuesday—for an on-the-spot survey of problems facing the North Atlantic Treaty Organization.

They also will size up future requirements for U. S. economic aid for Western Europe under the program Stassen will head.

The decision that Dulles and Stassen will go to Europe was made shortly before the conclusion of two days of Eisenhower

conferences with his full Cabinet and other top officials of the new administration.

**More Appointments**  
Today's conference probably will deal to some extent with the forthcoming mission to Europe but it will be concerned primarily with defense and foreign policy problems on a global basis, Eisenhower aides said. They added that the central theme will be the idea of security against communism.

Eisenhower met with his Cabinet and other top officials for 7½ hours yesterday and then announced these new appointments:

1. T. Coleman Andrews of Richmond, Va.—described as an independent Democrat who supported Eisenhower for the presidency—as commissioner of the Internal Revenue Bureau.

2. Charles R. Hook Jr. of Cleveland, vice president of the Chesapeake and Ohio Railroad, as deputy postmaster general. Hook is a Republican.
3. Elbert Parr Tuttle of Atlanta, Ga., an attorney and Republican state chairman, to serve as general counsel of the Treasury Department.

Hook's salary will be \$17,500 a year. Andrews will receive \$15,000 and Tuttle, \$14,800.

## State Legislators Meet Today To Tackle Taxes And Spending

### Quick Approval For Eisenhower Cabinet Assured

WASHINGTON (AP)—Speedy informal approval was forecast today for President-elect Eisenhower's choice of Arthur E. Summerfield as postmaster general—first of the new administration's Cabinet choices to come before a Senate committee.

**Wilson Called In**  
His formal nomination can't be submitted until after Eisenhower is inaugurated. Other Cabinet designees will get similar hearings in an effort to have all of them confirmed in one day.

Sen. Byrd (D-Va) has indicated he wants to question Charles E. Wilson of General Motors, new secretary of defense, about the financial holdings he will retain when he takes office. Wilson will go before the armed services committee tomorrow.

Chairman Millikin (R-Colo) said he expects some Democratic questions of the same nature when the finance committee on Friday interviews George M. Humphrey, the new secretary of the Treasury.

The same day John Foster Dulles, named as secretary of state, and Harold E. Stassen, chosen for mutual security administrator, probably will appear before the foreign relations group while the Senate Labor Committee is questioning Martin P. Durkin, chosen for secretary of labor.

**Will Quiz Benson**  
The commerce committee has invited Sinclair Weeks, chosen for secretary of commerce, at what Chairman Tobey (R-NH) said will be a public hearing Monday. At the same time, Herbert Brownell, selected as attorney general, will be appearing before the judiciary

(Please Turn To Page 6, Col. 1)

### State Shifts Funds To Bolster Treasury

LANSING (AP)—The State Department of Administration today transferred \$15,000,000 from the liquor purchase revolving fund to the cash-shy general fund to partially bolster it against complete depletion.

State Controller Robert F. Steadman said the transfer, plus tax collections during the month, would boost the general fund to \$55,000,000 and indicated that this would permit the state to meet all of its debts for the month.

## Dulles To Talk Over Korean Policy With Senate Committee

By JACK BELL  
WASHINGTON (AP)—In a move toward a bipartisan foreign policy, John Foster Dulles has proposed to discuss Korea and other problems with Senate Foreign Relations Committee members shortly after inauguration.

The new secretary of state probably will come before the committee at an informal session Friday, and some members said they want to hear more than about his projected trip to Europe.

**Going To Europe**  
Chairman Wiley (R-Wis) called the committee together today for

### Cost Of Twice-Daily Mail Delivery Studied

WASHINGTON (AP)—The House Appropriations Committee will delve soon into the question of ordering restoration of twice-daily home mail deliveries, halted in April, 1950, as an economy move.

Rep. Canfield (R-NJ), chairman of an appropriations subcommittee that handles the postal budget, said in an interview he intends to go into the postal program thoroughly as soon as his group starts hearings on the post-office department's budget.

Recent department estimates are that it would cost close to 150 dollars annually to return home mail delivery service to a twice-daily basis.

**NEW CABINET POSES** — President-elect Dwight Eisenhower poses with his entire Cabinet for the first time after their four and one-half hour meeting in New York. Seated left to right: Herbert Brownell, U. S. Atty.-Gen.; George Humphrey, Sec. of Treas.; Richard Nixon, Vice-President-elect; Dwight Eisenhower; John Foster Dulles, Sec. of State; and Charles E. Wilson, Sec. of Defense. Standing left to right: Joseph M. Dodge, director of Bud-

get; Mrs. Oveta Culp Hobby, Fed. Sec. Admin.; Sherman Adams, Asst. to President; Sinclair Weeks, Sec. of Comm.; Gov. Douglas McKay, Sec. of Interior; Arthur Summerfield, Postmaster-General; Ezra Taft Benson, Sec. of Agriculture; Martin P. Durkin, Sec. of Labor; Sen. Henry Cabot Lodge, heads U. S. missions to UN; and Harold Stassen, Mutual Security Director. (NEA Telephoto)

## Air Crash Dead Can't Be Moved

FISH HAVEN, Idaho (AP)—Bodies of 40 persons who died in a C-46 crash on a desolate mountain ridge near here may not be removed from their frozen graves until spring.

Col. Harry J. Kieling, executive officer at Hill Air Force Base near Ogden, Utah, said an Army identification team from Washington, D. C., was due here today "to take over the highly technical job of identity and removal."

But Kieling said due to conditions of the bodies and the heavy snow the removal job may have to be postponed until after spring thaws.

"There are bodies all over," Air Force Capt. E. W. Morris of Lock Haven, Pa., who directed the first search party to reach the wreckage, said. "An arm, a leg, a piece here and a piece there. You would have to dig all the snow off the mountainside to get the bodies out."

The search party reached the grim scene yesterday.

The big Army transport smashed into the mountain last Wednesday.

### Cocktails Tried Out On Bristol Students

BRISTOL, England (AP)—Free cocktails in class are the latest addition to the curriculum in Bristol University's psychology department. But it's all in the interest of science.

"We are trying to discover the effect of small doses of alcohol on skill and perception," explained Prof. G. C. Drew. The experiments will last three years.

Drew—who mixes the drinks—said after taking their nips, the students will operate a stationary automobile while road scenes are flashed on a screen in front of them. Their reactions to various "emergencies" will be timed.

There's one snag. The drinks will be disguised and not every glass will contain hard liquor.

### Thin Ice Fatal

LANSING (AP)—Six-year-old Sandra Haner drowned in Grand River Tuesday when her sled broke through thin ice. The girl had been coasting down a hill onto the ice. She was the daughter of Mr. and Mrs. Leslie Haner.

## U. S. And Japan Get Tough With Russia

(Japan warned Russia this week to keep its aircraft away from Japan or U. S. warplanes would shoot them down. Thus the cycle has turned full wheel. Japan, defeated in 1945 by the U. S., with Russia in only for the kill—now brandishes U. S. armed might against its old Soviet antagonist.

Robert E. Eunsen, chief of the Associated Press bureau in Tokyo, discussed the problems involved with U. S. State Department and military men in Japan. This is his size-up, based on those talks, of the newest twist in the cold war.)

## Travel Tied Up In Philadelphia

PHILADELPHIA (AP)—Nine thousand Philadelphia Transportation Company workers went on strike today, sending 2½ million transit riders in search of other modes of travel.

The walkout began at midnight as cashiers on the Broad Street subway and Frankford elevated lines stopped accepting fares, giving some late customers an unexpected free ride. The shutdown was completed shortly before 1 a. m. as trolley, subway and bus operators pulled into barns and garages from outlying runs.

To meet the extraordinary crush, railroads and taxi companies added to their facilities and motorists got the family car out of the garage to pick up friends and fellow employees on their way to work.

Industrial firms rushed company trucks into service and the joint committee of the armed forces in the Philadelphia area brought every available bus and truck into play.

### Shelter Designed

By The Associated Press  
TRAVERSE CITY (AP)—John C. Norton & Associates, consulting engineers, Tuesday announced the completion of designs for an atom-bomb shelter and control center. The plans were ordered on a sub-contract from Lehigh University for the Federal Office of Civilian Defense.

### Thin Ice Fatal

LANSING (AP)—Six-year-old Sandra Haner drowned in Grand River Tuesday when her sled broke through thin ice. The girl had been coasting down a hill onto the ice. She was the daughter of Mr. and Mrs. Leslie Haner.

## Medic Treats Dying GI In Korea, Then Recognizes His Twin Brother

SEOUL (AP)—A young U. S. Army medic treated his first combat casualty in Korea recently without at first realizing the dying soldier was his twin brother.

Pvt. Irwin Rietz, 21, Rock Island, Ill., did not recognize his twin until he and two other soldiers lifted the brother, Edwin, into a litter jeep. Edwin died later at an aid station.

Irwin treated Edwin in a shallow trench just one year to the day from the time the twins entered the service.

**Too Busy To Notice**  
The surviving twin was taken off the line and will accompany the body of his brother home.

The story was carried today in Pacific Stars and Stripes. It was written by Pfc Jim Morrissey, correspondent for the armed services newspaper at the U. S. 40th Division.

The young medic said he was so busy treating the wounded soldier that he did not recognize him immediately.

"You do not have time to worry about whom you are treating at a time like that," he said.

"I rolled him over," the medic related, "ripped open his shirt, and exposed a small wound in his chest."

**Did All He Could**  
As Irwin started to apply a band-

### Rice Field Plunge Of Training Ship Kills 12 Crewmen

OROVILLE, Calif. (AP)—An Air Force B50 on a training flight crashed yesterday in a rice field, killing all 12 crewmen.

The Air Force tentatively blamed the crash on mechanical trouble. Flying conditions were good. The crash scene was west of Gridley at a point about 60 miles north of Sacramento.

Officials withheld crewmen's names.

## Bolting Oregon Senator Morse Loses Top Jobs

By JOE HALL  
WASHINGTON (AP)—Sen. Morse (Ind-Ore) today held only a forlorn chance of regaining the two key Senate committee posts he lost by bolting the Republican ticket in the 1952 presidential election.

The Oregon senator was beaten, 81 to 7, yesterday when he appealed to the full Senate from the decision of the Conference of All GOP Senators to bump him off the armed services group. After the vote, taken by an unprecedented written ballot, Morse gave up a fight to retain his old labor committee assignment.

**Resolution May Die**  
His only hope now is in a resolution which he himself introduced to increase the size of the two committees by two members each, one spot to go to Morse and the other to a Republican.

This resolution was shunted to the rules committee, where it could rest for the remainder of the session. A Morse supporter, Sen. Humphrey (D-Minn), wanted the Senate to instruct the committee to report back for a vote by tomorrow, but his effort failed.

Sen. Jenner (R-Ind), new rules chairman, told a newsman he had no plans to take up the resolution immediately and did not know what its fate would be.

**Democrats Balk**  
Sen. Taft (R-Ohio), the majority leader, said he would accept the Morse resolution because it would preserve the GOP margin of one vote on armed services and labor.

But Sen. Lyndon B. Johnson (D-Tex), the minority leader, told a reporter his side would never accept it since, in his view, the effect of the resolution would be to reduce the relative Democratic

(Please Turn To Page 6, Col. 6)

## Congressmen Trail Justice Department Influence Peddling

By HARRY SNYDER

WASHINGTON (AP)—Congressional investigators pushed along today on new trails of influence-peddling and Justice Department operations amid indications Supreme Court Justice Tom Clark and Sen. Morse (Ind-Ore) eventually will testify.

The developments:

1. A House judiciary subcommittee awaited arrival of a file from Atty. Gen. McGranery on a mail fraud case which the Justice Department junked in 1946.

2. Aides of the House group and the Senate investigations committee joined hands in closed door questioning of a public relations man about what one member termed "an influence-peddling ring on the West Coast."

**Mail Fraud Mentioned**  
Rep. Keating (D-NY), tabbed to succeed Rep. Clegg (D-Ky) as chairman of the House probes when they organize, told newsmen the witness is Russell Duke of Portland, Ore., and San Francisco.

He said Duke faced a day of questioning about his operations and relations with Morse, the Oregon senator who broke with the GOP during the presidential race, and a Washington lawyer, Edward P. Morgan.

It was Keating, too, who said it is essential that Clark be questioned about the mail fraud case dismissed.

McGranery announced last night he will give the committee the file concerning the indictment of Roy E. Crummer and 10 other individuals along with the R. E. Crummer Company and the Crummer Company by a federal grand jury at Topeka, Kan., in August, 1944.

**Good Case Dismissed**  
Justice files showed that Crummer and co-defendants were charged with scheming "to defraud bondholders of Citrus County, Fla., and the town of Panama City, Fla., and using the mails to execute their scheme." The government said at the time the Panama City refunding case involved \$1,000,000 and the Citrus County refunding case \$1,511,000.

A Circuit Court of Appeals, reversing a trial court's finding, held the indictment "was a good pleading."

Then, on June 10, 1946, the government had the charges dismissed.

## Gov. Williams' Message To Be Heard Thursday

By JACK I. GREEN  
LANSING (AP)—The 67th Michigan Legislature was called to order at noon today in an atmosphere of tension and uncertainty to deal with the state's most serious fiscal problem in 20 years.

Both House and Senate convened under new leadership chosen by such narrow margins that its continued control is in doubt.

A backlog of more than 200 bills was ready to be poured into both chambers as lawmakers broke fast over the starting line with their pet projects.

Galleries were crowded to see the start of a session which may last five months or more in its tussle with a deficit growing toward \$90,000,000.

The lawmakers were met by a demand that they reverse their traditional policy on taxes and appropriations.

Senator Elmer R. Porter (R-Blissfield), chairman of the Senate Appropriations Committee, said he would insist that "we decide first how much taxes we are going to raise before we decide how much we shall spend."

**Toughest In History**

He laid down his demand as the 132 Senate and House members gathered for what may be their toughest session in history and their most decisive in 20 years.

Today is organizational day in both chambers. Tomorrow at 11 a.

(Please Turn To Page 6, Col. 7)

## Posters In Rome Condemn Reds

ROME (AP)—Brilliantly-colored posters attacking communism and accusing the Reds of preventing two new Roman Catholic cardinals from coming to Rome to receive their symbols of office blossomed throughout the city today.

The bright placards were posted by Premier Alcide De Gasperi's ruling Christian Democrat party a few hours before Pope Pius XII, in a private ceremony at the Vatican, was to present the red biretta, or square cap, to James Cardinal McIntyre, Archbishop of Los Angeles, and 15 other new princes of the church who did get to Rome.

The presentation is another highlight of the consistory week which opened Monday with the Pope's elevation of 24 prelates to bring the College of Cardinals to its full strength of 70 members.

Six other new cardinals were to get their birettas from the heads of state in Spain, France, Portugal and here in Italy, at special ceremonies.

The elevation ceremonies conclude tomorrow with the great public consistory in St. Peter's Basilica at which the Pontiff will present the broad-brimmed galeros, or red hats.

## Weather

Reported by U. S. Weather Bureau

# School Building Need Discussed

The Escanaba Board of Education last night discussed the need for a new elementary school in the southwest portion of the city and indicated that it will submit a proposal to the voters in the spring for a bond issue to construct a grade school combined with facilities for special education classes.

The proposed school would be for kindergarten through sixth grade classes in addition to the special education rooms. The late Mrs. Catherine Bonifas bequeathed \$150,000 to the school district for special education.

The board approved a three year contract with the Upper Peninsula Office Supply Company to furnish diplomas to the Escanaba High School at a cost of \$1.35 each.

## Recreation Board Nominations

In reply to a request by the city for the schools to nominate three persons, one of whom to be chosen as the representative of the Board of Education on the city recreation board, the nominations of James Rouman, Steve Baltic and Marvin Paffenroth were submitted.

Other actions taken by the board at its meeting last night follow:

Approved a teaching contract to Donald Veeder, assigned to their staff of the Junior High School.

Received a report from Supt. J. A. Lemmer on the visit of Robert Johnson, Baldwin, Wis., candidate for position of director of elementary education.

Discussed tentative plans for an evening luncheon meeting with members of township boards of education.

Discussed plans for a meeting in Marquette Jan. 31 of school board members and school administrators.

Accepted check for \$600 from James E. Frost, executor of the John P. Norton estate, the amount to be used for the first Ann C. Norton scholarships.

## Resolution Of Appreciation

Adopted a resolution of appreciation to the University of Michigan extension service for providing a multigraph for school purposes. The machine cost \$875.

Adopted resolution requesting the executor of the Norton estate, James E. Frost, to secure a legal opinion concerning the right of the Board of Education to sell the Escanaba Daily Press to other than the highest bidder and also the right to accept a mortgage on the property.

Received communications from J. C. Gunderson and Carl Nelson concerning the sale of the Escanaba Daily Press.

Discussed tentative plans for a meeting of the Upper Peninsula districts of the Michigan Education Association to be held in Escanaba Oct. 1-2.

Authorized the superintendent to take bids for the sale of a coal loader owned by the school district.

**John, Norma Kay To Lie In State Here Thursday**

The bodies of John Edwin and Norma Catherine Kay of Stonington, who were drowned early Sunday when their car plunged into open water as they motored across Little Bay de Noc, will be in state at Anderson Funeral Home beginning Thursday afternoon.

Funeral arrangements are incomplete, pending word from a brother, Herman Robert, who is with the Army in Korea.

John was born in Escanaba Jan. 19, 1929 and Norma was born here March 6, 1941. John Kay who served in the Army for a short while, worked aboard Great Lakes ore carriers. They were members of Trinity Lutheran church in Stonington.

Survivors are the father, Albert Kay of Stonington, and a brother, Herman.

**Get The Dairy Store Habit!**

It's a good habit . . . because you really save money on your milk and other dairy products. Regular milk is only 17c a quart . . . pasteurized-homogenized 18c a quart. Healthful butter-milk sells for 14c a quart. Come in today . . . and save money.

**ENLISTING** — Nine Delta County men today left for Milwaukee to take Army and Air Force enlistment examinations. Left to right, they are Barry Francis Beaudry, son of Mr. and Mrs. Frank J. Beaudry, 1302 Ludington St., air force; Maurice Edward Lancer, son of Mr. and Mrs. Edward J. Lancer, Rapid River, Rte. 1, air force; Marvin John Norman, son of Mr. and Mrs. John E. Norman of Rock, Rte. 1, air force; Curtis Duane Trams, son of Mr. and Mrs. Melvin E. Trams, 1125 Stephenson Ave., air force; George W. Mineau, son of Mr. and Mrs. Clifford Mineau of Gladstone, air force; Joseph Gerald Roberts, son of Mr. and Mrs. Ernest Roberts of Gladstone, Rte. 1, army; Lyle Francis Nadeau, son of Mr. and Mrs. Francis Nadeau of Ensign, army; Martin LeRoy Olson, son of Mr. and Mrs. Edwin F. Olson of Ensign, army; and Robert Gilbert Vanderlinden, son of Mr. and Mrs. Gilbert Vanderlinden of Gladstone, Rte. 1, army veteran reenlisting in the air force. With them are Sgt. John D'Antonio and T/Sgt. Mason E. Johnson. (Daily Press Photo)

## Menominee County Plans To Repair Its Court Room

**MENOMINEE** — Contract amounting to \$9,348 were approved Monday afternoon by the Building & Grounds Committee of the Menominee County Board of Supervisors for repair, alteration and rehabilitation of the Circuit Court Room in the County Building, reports Supt. Fred M. Klaus, committee chairman. Architect Harry W. Gjelsteen of Menominee planned the modernization.

The general contract for \$7,389 was awarded to Albert Salen, Menominee contractor, and the electrical contract was awarded to Gene's Electrical Service, Menominee, for \$1,959.

The project will include rebuilding of the judge's bench and jury box; installation of church-pew type benches in the spectator section to replace the present individual wood row seats, laying of rubber tile on the floor and covering the ceiling with acoustical tile.

The present railing separating the spectators' section from the courtroom proper will be replaced with an oak railing to match the benches and it will be moved back to provide more room for tables and chairs of attorneys and witnesses.

The entire room will be repainted and redecorated and the wainscoting refinished. New furniture for court attaches and attorneys will be purchased. A completely new system of recessed incandescent lighting will be installed.

Work will get started shortly.

## EHS Exam Schedule For Thursday Given

The Thursday schedule of mid-year final examinations for students at Escanaba Senior High school is as follows:

8:30 a. m. — Journalism in Room 108; Biology, Room 108; Short-hand, Room 106; Chemistry, Room 106; Stenography, Room 306; Physics, Room 306; Machines, Room 310.

10 a. m. — Orchestra, Room 108; Conservation, Room 108; Printing, Room 106; Band, Room 106; Home Economics I and II, Room 204; Home Economics III, Room 306.

1 p. m. — Chorus I, Room 108; Chorus II, Room 106; Welding, Room 106.

2:30 p. m. — Auto Shop, Room 106; Drafting, Room 106.

# School Diploma Policy Revised

A revised policy for the awarding of Escanaba High School diplomas to men in the armed services was approved by the Escanaba Board of Education last night.

Acting upon the recommendation of Principal Edward E. Edick, the board approved two methods by which students who leave the high school before graduation may receive diplomas from the Escanaba High School.

A special diploma will be awarded men in the armed services who have received some credits at the local high school and who pass the general education development tests at armed services testing centers. The diplomas will not be awarded except in cases where the class in which the serviceman was a member has been graduated from high school.

The limited diploma will meet requirements for advancement in the services but in general will not be acceptable for admittance to colleges and universities.

A regular diploma will be issued to servicemen who qualify for the full 16 credits required for graduation but four credits received in armed services schools will be recognized and one credit will be allowed for basic military training.

Asst. Supt. George Ruwisch told the board that an examination of cases affected by the new ruling indicates that the liberalized policy will not discourage students from completing high school but, on the contrary, will encourage many youngsters to remain in school longer in order to qualify for a regular diploma while serving in the armed forces.

"We have many youngsters who quit school to enlist because they realize that they cannot attain the

# Judge Jackson Will Address Lawyers Of 25th District Here

The lawyers of the 25th Judicial Circuit Bar Association will meet in Escanaba, Michigan on Saturday, Jan. 17, for a business meeting in the afternoon, to be followed by a banquet in the evening. The meeting will be held in the County Court House at 3:30 (E.S.T.). The 25th Judicial Circuit Bar Association is composed of lawyers from Delta, Iron, Menominee, Marquette and Dickinson Counties. Leslie P. Fisher of Iron River is president of the Association; Robert E. LeMire of Escanaba is vice-president; George Quinell of Marquette is treasurer; and F. Lloyd Symmonds of Iron River is secretary.

The Honorable Glenn W. Jackson, circuit judge, will deliver a paper at the business meeting entitled, "Damages and Proof of Same at Trial". Because of the educational value of the paper to

be delivered by Judge Jackson, Mr. Fisher has urged all of the lawyers from the Association to attend the meeting. The reservations made to date indicate a very large attendance.

The wives of all the lawyers in the Circuit have been invited to accompany their husbands. Plans have been made for the wives to meet at the House of Ludington for cards and other entertainment, while the lawyers are attending the meeting. Mesdames John H. Root, Glenn W. Jackson, Harlan J. Yelland, Clair Hoehn, and Robert E. LeMire will act on the committee to arrange the entertainment for the ladies at the House of Ludington.

The lawyers will return to the House of Ludington at 5:30 for a social hour, to be followed by a banquet. Mr. Fisher, president of the association, will preside and act as toastmaster. The local arrangements are being made by Robert E. LeMire, vice-president, and John H. Root, director of the association from Delta County.

# Phone Cable Will Be Moved

A crew of more than 30 men will be employed tomorrow in moving a two block section of toll cable on N. 23rd Street by the Michigan Bell to make way for the four-lane highway to be constructed on US-2.

The toll cable contains 219 pairs of telephone lines and is the only toll cable into and out of Escanaba.

The section to be moved is located between First Ave. N. and Third Avenue N. on 23rd street.

The highway will be barricaded in that area until the cable has been moved from the west side of the highway to the east side.

The project is a tricky one as the cable cannot be cut. It is a balanced cable and the entire cable must be moved "as is," including some of the existing poles.

The cable is a three inch cable, lead sheathed, with five line load control areas. Two truck mounted towers will be used to support the cable during the moving operation.

In addition to two construction crews from Escanaba, construction crews from Iron Mountain and Menominee will participate in the project.

## Briefly Told

**Training Class Cancelled** —The training class for intermediate Girl Scout leaders of Escanaba scheduled for Thursday evening Jan. 15, has been cancelled.

**Wolverine Meeting** —Wolverine Conservation Association will hold a business meeting at 7:30 tonight in the city hall. Discussions of plans and reports are scheduled. All members are urged to attend.

**Class of 1933 Meeting** —Members of the Escanaba High School class of 1933 will meet Thursday, Jan. 15, at 7:30 p. m. at the Junior High School lunch room to make plans for a reunion.

**Delta Lodge Meets** —A regular monthly meeting and first annual communication of Delta Lodge 195, F. & A. M. will be held Thursday, Jan. 15, at 7:30 p. m. at the Masonic Temple. A cordial invitation is extended to visiting Masons to attend this meeting.

**Yachtsmen Meet Tonight** —The annual meeting of the Escanaba Yacht Club, with election of officers for the ensuing year, will be held at 8 tonight at the Yacht Clubhouse. Plans for the coming season of events also will be discussed. Lunch will be served following the business meeting.

**Attend Inauguration** —Myron Goodman of Gladstone, vice chairman of the Delta County Republican Committee, and Thomas Beaton of Escanaba, former county committee chairman, will leave tomorrow for Washington, D. C., to attend the inauguration of President-elect Dwight D. Eisenhower on Tuesday.

**Climbers Warned** —Two boys who yesterday afternoon climbed the Escanaba water storage tower and were ordered down by police today caused Safety Director G. S. Leonard to issue a warning to young people to stay off the tower because of the great danger. Parents were asked to cooperate by warning their children of the hazard.

**Traffic Tickets** —Escanaba police have issued tickets for traffic violations to the following motorists: Jerry DeShambo, 1629 Sheridan Road, defaced operator's license; Helen LaPorte, 330 South Tenth St., no operator's license; George J. Steinmetz, 2332 Ludington, speeding, one headlight; Vincent Nelson, 1123 Sheridan Road, disobeying traffic signal; Thomas P. Lynaugh Sr., 1325 North 22nd St., speeding.

**FRIENDSHIP IN JAPAN**—This little Japanese girl accepts a bag of charcoal and supplies of food and toys from Maj. Roy M. Ingalls, Escanaba, Mich., assistant Staff Provost Marshal, Hq. JADF. While other members of the family earn meagre wages in outside employment, this youngster maintains the home. (U. S. Air Force Photo)

## Mother Of Four Children Jailed Here For Neglect

Mrs. Dorothy LaPalm Mitchell, formerly of 418 Ludington street, was remanded to Delta County Jail Tuesday afternoon to serve a 30-day sentence.

Mrs. Mitchell was found guilty of allowing her children to be neglected, when tried before Caroline Nystrom, justice of the peace. Complaint in the case was made by G. S. Leonard, Escanaba safety director.

The complaint was made after Mrs. Mitchell's four children, Everett Linderman, 7, Leo Linderman, 5, Robert Mitchell, 4, and Roy Mitchell, 21 months, were driven into the streets Jan. 6 by a fire which started in their apartment. The mother was not with the children.

City police investigated and found conditions pointing to neglect of the children. The mother told police her husband is in Marquette prison.

The children are now being

cared for as wards of Delta county probate court, where action has been started in the neglect complaint against the mother.

High-velocity cold-air tunnels, experimentally used to cool fruit rapidly before it is put into cold storage, condition fruit so that it can be held in storage for a longer period than otherwise.

## C&NW To Store Oil Line Pipe

The Chicago & North Western railway office here completed tentative arrangements yesterday with S. T. Gant of Houston, Tex., for storage of crude oil piping on the Beaver Branch, near Perkins, L. J. Deno, C&NW division engineer, said today.

The piping, for an 800-mile line through Minnesota, Wisconsin and Upper Michigan to carry crude oil from Superior, Wis., to Sarnia, Ont., for refining, is not expected to arrive until late summer, Deno said.

The piping to be stored in Delta County is reported to be for the 200-mile line from Bessemer to Cooks.

Equipment already enroute to Upper Michigan and will be stored until March or April, when work will commence, Gant told the C&NW engineer here.

Construction of the 30-inch pipeline will be managed by the Saginaw, Mich., office of the Bechtel corporation. Gant is advance representative for the Anderson Brothers, contracting company scheduled to build the line for the Lake Head Oil company of Superior, Wis.

**Suffocates In Crib**  
KALAMAZOO (AP)—Ten month old Peggy Perry, daughter of Mr. and Mrs. Loyal G. Perry, suffocated in her crib Tuesday. She was the second child to suffocate in Kalamazoo County in the last three days.

## Mental Health Meeting Slated Here Thursday

A panel discussion by six Delta County residents will follow showing a movie, "The Nation's Mental Health," at a meeting in the Escanaba recreation center 330 S. 14th St., Thursday evening.

The meeting, which starts at 8 p. m., is the first of eight here in mental health. The program is sponsored by the Delta County Mental Health committee in cooperation with the Michigan Department of Mental Health.

Miss Phoebe Anderson, R. N., and Dr. William Harrison of the Delta-Menominee Health department; Rev. Gerald Bowen and Supt. Walter Peters of Rapid River; Mrs. Fred Lang of Fayette, and Norman Thomas of Escanaba, child welfare worker, will be on the panel. Atty. William Anderson will be the moderator.

Three talks, on maturity, handling of problems, and evidence of mental disturbances, will be given

**LITTLE LIZ**

during the series by Miss Esther Middlewood, State Director of Mental Health Education.

Also planned for the meetings are discussions, one of them on marriage, led by Atty. William Anderson, and a lecture on mental health and religion by Rev. James Bell, pastor of the Escanaba First Presbyterian church.

The series is free and is a follow-up on the University of Michigan extension lectures on children presented last fall in Gladstone.

## Opposes Plan For Honoring Blesch In New Auditorium

MENOMINEE—Otto R. Eickmeyer former Menominee mayor, Tuesday demanded that the taxpayers of Menominee and not the family of the late Mr. and Mrs. G. A. Blesch be given the credit and recognition in the name of the new auditorium at Menominee High School.

When Mrs. Blesch died she left a bequest to the Menominee City School District of about 10,000 shares of stock in the Menominee Sugar Company of Green Bay, with the stipulation it be used for a municipal auditorium as part of the new Menominee High School as a memorial to the Blesch family. The stock has no large ready current market value and when the school building program was nearing completion, a deficit resulted, due in part to the loss of anticipated revenue through sale of the sugar stock. Menominee school electors last summer voted an extra 2.5 mills to raise \$145,000

Fabulous

## 1953 HUDSON HORNET

This year enjoy performance, safety and durability you've never known before

This year treat yourself to genuine driving fun in a fabulous 1953 Hudson Hornet, the car that won the Championship in all three stock-car racing associations last year.

You'll enjoy the new Coronation Interiors with deep, foam-rubber, nylon-upholstered cushions, and the smartest appointments ever seen in the motor world.

You will sense complete safety in your Hornet or Wasp because exclusive "step-down" design provides the lowest center of gravity among American cars, for the most stable, most comfortable ride on the road.

And for flashing performance, just feel the deep-chested surge of Twin H-Power! Hudson's sensational multiple-fueling system that develops more power out of every drop of regular-grade gasoline. New Dual-Range Hydra-Matic Drive is available at extra cost on all 1953 Hudsons.

See us and try a Hudson Hornet or Wasp, the most exciting and glamorous cars on the road!

\*HUDSONS WIN TRIPLE STOCK-CAR CROWN

In 57 stock-car races held in 1952, Hudsons won 49 victories—and were named Champion in all three racing associations: AAA, NASCAR and PRA. Hudson now holds every national AAA record for stock-car competition!

Optional at extra cost.

FOR 1953, A SPECTACULAR NEW

## HUDSON WASP

See the smart and spectacular new 1953 Hudson Wasp, lower-priced running mate of the Hudson Hornet. The Wasp, too, features new styling, new interiors and colors, plus Hudson's famous get-up-and-go.

Standard trim and other specifications and accessories subject to change without notice.

## Editorials—

### Hydro-Electric Plant Situation Contains Perplexing Questions

THE Iron Mountain News editorial comments on the confused situation concerning the proposed sale of the former Ford hydro-electric plant to the City of Escanaba are undoubtedly of considerable interest to Escanaba residents. The Press herewith reprints the Iron Mountain editorial entitled "Some Conclusions," for the benefit of our readers:

"Although officials of the Kingsford Chemical Company say, emphatically, that the Company is not negotiating with the City of Escanaba for the sale of the former hydro-electric plant on the Menominee river, and that one E. C. Pommerening, Milwaukee attorney, does not represent the Company in any negotiations for the sale of the hydro-plant to anyone, there is obviously something more than rumor behind the story.

"As pointed out Saturday, it is the second time in slightly more than a year that the Escanaba story has 'broken,' and the second time, also, that it has been denied by the owners of the property—first by the former Kingsford Corporation and now by the Kingsford Chemical Company. It is not quite enough, therefore, to say that there is nothing whatever afoot about the hydro-plant. No one, in fact, has said it in just that way. There has been denial, only, of the report that the plant has been offered for sale to the City of Escanaba. And this is not to say that the plant has not been offered for sale at any time to anyone, nor that it is not for sale now.

"It is not the intent of The News to probe into the private business negotiations of the Kingsford Chemical Company in relation to the hydro-plant. Nor is it the purpose of this comment to question any negotiations that may now be underway. We adhere strictly to the thought that the hydro-plant is the property of the Chemical Company, to do with it as it desires, in its own way and on its own time. But to use an old bromide, where there's smoke there's fire and there's been quite a lot of smoke, at one time or another, about the former Ford hydro-plant.

"It is obvious that some sort of discussion about the probable sale of the plant occurred back in November of 1951, or shortly after the former Kingsford Corporation took over the property from the Ford Motor Company—and before the Kingsford Chemical Company entered the picture. A report then—appearing first in the Escanaba Press—about a proposal for the sale of the hydro-plant to the City of Escanaba, was promptly and flatly denied by members of the then Kingsford Corporation. Since then, little had been heard about the hydro-plant until last Friday, when a similar story again appeared in the Escanaba Press, and again was denied—this time by the Kingsford Chemical Company as the current owners of the property.

"It is reasonable to believe that Attorney Pommerening was actually in the picture at the outset, with or without the approval of the former Kingsford Corporation, and that he must still feel he has some standing in the setup. Otherwise, why would he now—after his proposal was once flatly denied—be back again with another, and similar, offer to the City of Escanaba?

"Here's another angle: If it is feasible for a city 50 miles distant to consider the purchase of the former Ford hydro-plant, why isn't it reasonable, also, for Iron

Mountain-Kingsford, separately or jointly, to consider it? This, incidentally is the question now being widely asked in the community. And we don't have the answer to that one, either.

"It may be—although there is no statement from anyone to support the supposition—that the present owners of the property have determined that the hydro-plant is not actually needed for any current or anticipated operation within the former Ford property. It may also be that the power plant is actually 'on the block' for the highest bidder. The puzzling factor in the whole situation, however, is the lack of public information about it in the face of persistent reports that negotiations are underway. And this question we leave flatly with those who may have the information and who may—or may not—elect to discuss it publicly."

The Press, like The News, naturally is curious to know why the hydro-electric plant at Kingsford has not been purchased by the cities of Iron Mountain or Kingsford, separately or jointly.

City officials of Escanaba were equally curious to know the answer to that one. In fact, Escanaba officials indicated to Attorney Pommerening that they would be reluctant to enter into any negotiations for the purchase of the plant if either Iron Mountain or Kingsford, or the two cities together, were interested in purchasing the plant.

Attorney Pommerening's answer to that question has been that both cities are now under long term contracts with the Wisconsin-Michigan Power Company and that the power company owns the distribution systems and the franchises.

Perhaps it is a complete and satisfactory answer but then again, perhaps it is not. Many cities, Escanaba among them, have provisions in their city charters that give the municipality the right to take over a private electric distribution system whenever the residents vote for municipal ownership of the utility. In the case of Escanaba, of course, the city operates its own electric distribution system and has done so for years.

## Other Editorial Comments

### TREE PLANTING

(See Evening News)

Most people love trees. A few do not and they refuse to put up with the little work involved in raking leaves or taking care of bothersome roots. So trees are cut down by the city to oblige tax payers. An elm, more than 50 years old, was sacrificed last Saturday.

There should be a policy that will take care of the planting of more trees in the community. Whenever one is taken out several should be placed somewhere. In a few years such planting would contribute to the beauty of the city.

The growth of a city too often results in the displacement of trees by buildings and other improvements but some communities value their trees and make an effort to save them. We have many beautiful trees in Sault Ste. Marie but we haven't half enough. Better planning would make a much more beautiful Sault.

Next spring Arbor Day should be celebrated in a much more meaningful manner than it has in the Sault for many years. Certainly more trees are comparatively inexpensive. We really cannot afford to neglect this type of improvement.

Real estate men talk too much, says a writer. Naturally, when they're explaining what they want to sell you, they say a lot.

Mother now is getting her old fur coat out of the cedar storage chest. Get ready to argue, pops!

Science says the average man of 70 has spent five years of his life eating—not counting the time he had to wait for meals.

Some new hats are worn off the face. Many would look better off the head.

## Merry-Go-Round

By DREW PEARSON

(Ed. Note—This is the second of Drew Pearson's columns diagnosing new members of the Eisenhower cabinet.)

WASHINGTON—The man who picked Cleveland industrialist George M. Humphrey to be Secretary of the Treasury was General Lucius Clay, now head of Continental Can and one of Eisenhower's closest friends.

Clay, incidentally, probably has had more to do with picking Ike's cabinet than any other one member of the Eisenhower brain trust. Clay got to know Humphrey in Germany in 1948 when the new Secretary of the Treasury was appointed head of a committee to advise on the dismantling of German factories.

In the spring of 1948, Gen. George Marshall, then Secretary of State, had ruled that dismantling German industry would have to continue. However, Gen. Clay, then top commander in Germany, disagreed, got a committee of businessmen appointed to study the matter, and in the fall of 1948 Marshall was completely reversed.

Humphrey's report recommending the retention of key German factories was largely responsible for the reversal.

The fact that a man favoring German industry now sits in a key spot in the Eisenhower cabinet is not going to make it any easier to swing the French over toward an arms treaty with Germany. And this treaty is to be one of Eisenhower's biggest European objectives.

### HUMPHREY'S EMPIRE

However, Humphrey's most important impact as Secretary of the Treasury will be on domestic, not foreign problems. And here are some of the factors in his life which may influence his thinking.

First, here is the lineup of the Humphrey empire—the companies of which he is either chairman, president or director: M. A. Hanna Co.; Hanna Furnace Co.; Susquehanna Anthracite Corp.; Eastern Steamship Co.; La Belle Steamship Co.; Virginia Steamship Co.; Jefferson Coal Co.; National Steel Co.; Donner-Hanna Coke Corp.; Great Lake Steel Corp.; Wierston Steel; National City Bank of Cleveland; Industrial Rayon.

Also Lake Erie Harbors Inc.; Phelps Dodge; National Steel Products; Oak Hill Supply Co.; Wierton Coal Co.; Hanna Ore Mining Co.; Hanna Exploration Co.; Michigan Steel Corp.; Midwest Steel; Hanna Coal and Ore; Northwestern-Hanna Fuel Co.; Tri-County Lands Co.; National Mines Corp.; Pittsburgh Consolidation Coal; Coal and Ore Investment Co.; Canada and Dominion Sugar Ltd.; Consumers Ore Co.; Iron Ore Co. of Canada.

Also Ohio and Western Penna. Dock Co.; Lower Lake Dock Co.; Morton Ore Co.; Ozark Ore Co.; Douglas Mining Co.; Northern Iron Ore Mines Ltd.; Western Copper and Mining; Western Ore Co.

With this background, so similar to that of the late Andrew W. Mellon, the new Secretary of the Treasury might be expected to follow Mellon's policy of engineering rich tax benefits to business with no corresponding benefits to lower bracket taxpayers.

### TAX AND SPEND

However, at Sea Island, Georgia, where General Clay, his friend Sidney Weinberg and other business leaders gathered when Eisenhower was picking much of his cabinet at near-by Augusta, some significant, confidential observations were made. They were: that if business fails to bring a stable economy to the nation under Eisenhower, a "business administration" will go out of power after four years, not to come back again for years and years. Therefore, it was concluded, there must be no depression under Eisenhower; there must be continued spending; there must be—up to a point—continued high taxes. The Democratic theory of tax and spend, spend and tax, could not be terminated too abruptly, it was argued.

With this philosophy in mind, therefore, here are some predictions on the tax and fiscal policies which the new Secretary of the Treasury will follow:

### PREDICTION ON HUMPHREY

Tax Prediction: there will be no abrupt reduction of taxes unless Congress takes the initiative and runs with the ball. Humphrey is a careful planner, likes to look well ahead, doesn't believe a tax bill can be written until the budget is fixed. How can you fix the total tax bill until you know how much money you're going to spend, he reasons.

The topsy-turvy methods of Congress may upset this, of course. Already his scouts have taken soundings which indicate trouble.

However, Humphrey's advisers will fix a general target of letting the excess profits tax expire automatically next June; and schedule lower bracket tax reduction for next fall when consumer buying may be low and the economy may need a shot in the arm to head off recession.

## Into The Past

### 10 YEARS AGO

London — Large bomber forces and American and Allied fighters—nearly 400 in all—made one of the greatest series of daylight raids of the war on occupied France and Holland.

Bark River—Under sponsorship of the Escanaba Lions Club, a new Lions club was organized at Bark River with Joseph Gucky as the first president.

Escanaba—In a game that probably set a new scoring record for high school basketball in Escanaba, the Rock Little Giants defeated St. Joseph 55 to 46 at the Bonitas gymnasium.

Escanaba—The Delta county relief load was reported at its lowest level in ten years, despite discontinuance of WPA projects, with only about 400 cases receiving direct relief.

### 20 YEARS AGO

Escanaba—Cadet John M. Bartella, son of Mr. and Mrs. John J. Bartella, successfully completed his first six months work at the West Military academy.

Escanaba—Miss Elsie French, who spent considerable time in Egypt, addressed the Business and Professional Woman's club at the Delta Hotel.

The way some people go around blowing their own horns, they must be in a perpetual fog.

Where can you find a place that's better than home, sweet home—if it's homelike?

## "Come Now, Lady, Cut the Apron Strings, Or Else---!"

## Too Many Republicans:

## Inaugural Ball 'Bouncer' Must Cross Out The Names Of 86,000

By PATTI SIMMONS

WASHINGTON —(NEA)—Mrs. Howard A. Coffin, a lady who can't say "No"—at least not to anything Republican which includes tossing the largest white tie whoop-to-do in Washington history.

When good-natured Marie Coffin agreed to take on co-chairmanship of the Capital's Inaugural Ball she probably never dreamed she would end up as a star bouncer for the event.

What started out as THE ball has backfired into two full scale productions.

However, there are still fire regulations and space limitations which leave 86,000 too many Republicans currently clamoring to attend their first Inaugural Ball in 24 years.

To Mrs. Coffin, co-chairman Col. T. Corrin Strong, and their committee, falls the political nightmare of weeding out the applicants who'll get an invitation. This plus a ticket costing \$12 puts you on the dance floor the night of Jan. 20 and will entitle you to be jostled by the town's top political rug-cutters.

Unscrunching caterers, set-designers and Hollywood talent for the social "double-header" is a full-time desk job for the impresario Coffin. But so far she's managed to keep her sense of humor.

"General Eisenhower would be very surprised to know how many relatives he has in this country," she laughs. Applications for ball bids are pouring in from people who claim to be cousins or some brand of kin to the President-elect.

Comes the big night, the only persons who will be permitted to put in appearances at both parties will be the Eisenhowers, Vice President and Mrs. Nixon, the new cabinet and members of the diplomatic corps. Governors, senators, representatives and just plain guests are to be split up.

Big shots won't have to buy wrapped sandwiches and coffee in paper cups as they did at Mr. Truman's ball.

For one of the two events, caterers report they are making up dainty, dollar-priced supper trays with a single pinwheel sandwich (circular-rolled bread); two finger sandwiches of chicken, Virginia ham or beef; two fancy petit fours and one sherbet punch, unsipped. An extra punch will cost two bits.

William Birgfeld, Jr., catering executive, says his chefs will turn out 45,000 sandwiches, a week before the party, and then deep freeze them.

Both affairs will offer similar type refreshments. And to help the city's cops and cab drivers a small map is included with each ball ticket so that no one can get confused as to where he's to sandwich between dance numbers.

Time was when Inaugural Balls called for lobster Newburg, champagne, and cold birds, and when the occasion reeked with dignity and elegance.

Today crowds are too huge; political obligations too numerous. Incidentally, in those early days, invitations to the ball were just that. There were no tickets to be bought.

Mrs. Coffin's role as ball chair-

ONE-TIME PRIZE CAKE BAKER, Mrs. Howard A. Coffin, Inaugural Ball co-chairman, turns cake tester as she samples pastry whipped up for the gala affair by chef John Cofer. Cakes and sandwiches are being prepared in advance, then frozen.

man definitely hands her a head start on that much ballyhooed title of No. 1 Washington Hostess, especially if retiring diplomat Perle Mesta or Capital guest collector Mrs. Morris Cafritz run into trouble recovering their fumble in Republican territory.

The politician's wife has been giving Washington parties for nearly a quarter of a century. After Jan. 20, her entertaining will be what it's always been, insists frank and fifty-ish Mrs. Coffin—plenty informal. That's the way her former congressman husband likes things, too.

A prize-cake baker, she turned campaigner 30 years ago to help elect her first husband, the late Thad H. Brown, an Ohio's Secretary of State. She thinks it would be a fine idea if Republican wives would scrap the whole idea of a No. 1 hostess.

Mrs. Coffin goes further and

mounts an on-the-record capital to promote a return to Capital entertaining as it used to be in past Republican administrations, the days when Washington was open-house-happy.

There was a concrete calling schedule, Mrs. Coffin points out, that went like this:

On Monday the wives of Supreme Court Justices were "at home." On Tuesday it was the congressional ladies, on Wednesday the cabinet contingent, on Thursday the senatorial spouses, and on Friday the diplomatic ladies. Then everybody had the weekend to rest up.

"Don't forget," she smiles, "Washington's not like any other city. There can be a turnover of faces here every four years."

As Republican National Committeewoman for the "et of Columbia, Mrs. Coffin speaks from experience.

## So They Say

I guess I'd rather get laughs than whistles, but I like to get both. If I don't get laughs I don't work, but whistles are more satisfying.—Movie and TV Comedienne Marie Wilson.

It would be impossible for the Saar to acquire European status in the political sense as long as it is ruled economically by France.—West German Chancellor Konrad Adenauer.

I have always felt that if people are old enough to carry guns, they are old enough to vote.—S. D. Gov. Sigurd Anderson.

I think the Air Force is in the position to do whatever the ad-

ministration wants done.—Air Force Chief of Staff Gen. Hoyt Vandenberg.

This was the best covered political campaign in history. The voter turnout was due to news media.—Editor-Publisher Sol Tashoff.

Lord Beaverbrook always is ready to hire Socialists and crypto-Communists to insult and deride all those institutions which most Englishmen revere.—Randolph Churchill, son of the British prime minister.

The conscience of the world attaches highest importance to a solution of the Korean problem.—United States UN delegate Ernest Gross.

## Good Evening...

By CLINT DUNATHAN

MAN WITH A HOBBY—Men and women who have a hobby usually have great enthusiasm for life. Regular tasks are not enough to satisfy them. Thus they take up a hobby.

Don Biehler of Escanaba has an enthusiasm for diving. It began as a hobby. He liked to go underwater and explore. Now the hobby is winning him considerable attention.

He engaged in some parttime salvage work in Little Bay de Noc last summer, mostly for the fun of it. Last fall, on the basis of a letter he wrote to Coronet magazine inquiring about an article on salvaging sunken treasures, he was invited to New York City to appear on a television show.

Then the other day came a call for his services on a grim job of recovering the bodies of the two Stonington young people whose car had crashed through the ice near Gladstone.

Biehler responded without hesitation. The water was 47 feet deep. It was dark and cold down there. The bottom was covered with mud into which the car had settled.

Although he calls himself an amateur diver, the community can be grateful for Biehler and his hobby.

STARTED AT WELLS—The Sunday magazine section of the Duluth News-Tribune presents a story of "Louis the Top Loader."

Pernaps oldtimers in the Delta county area may remember Louis A. Jacobson of Duluth, the subject of the sketch.

"Louis started in the woods at Wells, Mich., as a swamper when he was 16 years old. He got \$20 a month and board then."

That was about 55 years ago, for Louis is now nearly 70 years old.

Top-loading was dangerous and skilled work and Louis attained that position after long apprenticeship. When spring break-up came in March, Louis joined in the river drives. From woods work he traveled to Minnesota where he was employed for years as a miner.

Today he is janitor for a Duluth store, where the store manager admires him as "one of the most interesting men I know."

THE OPEN WINTER—There are still several months left before spring officially arrives, but meanwhile the Escanaba area is enjoying one of the most "open" winters in many years.

Florida and California and New England may be hit with unseasonably cold, but locally it is unseasonably mild.

Rather than attempt weather predictions on the basis of old-fashioned signs in the sky or the thickness of fur on a muskrat, we went to S. E. Decker, U. S. Weather Bureau meteorologist at Escanaba, to ask our questions.

What will the weather be like for the next couple months? we asked. And his reply was to supply us with meteorological data for the past year, and the means and extremes dating back some 75 years. From these, he said, we could draw our own conclusions.

It will interest you to know that the coldest day on record was 32 degrees below zero in February, 1875. This compares with 22 below on Jan. 30, the lowest temperature last winter.

The big snow of record locally was 40.4 inches for January 1886; the big wind was 68 miles an hour in March, 1948. What will the weather be for the next couple months? Your guess is as good as mine.

JET-AGE JARGON—If a pilot pushes the panic button and gets the hot seat. What does it mean?

Republic Aviation Corporation reports that even the learned engineers are boning up on jet-age jargon to keep in step with the times.

Panic Button describes a state of emergency in which the pilot mentally pushes buttons and switches in all directions; Hot Seat is lingo for the pilot's automatic ejection seat.

Here are some other terms you will want to know to keep up on these super-sonic times:

Prop jet or Turboprop—a Turbojet engine with a propeller attached; Fat—any completely successful operation, such as landing, takeoff, target run, etc.; Ramjet—an engine for use in extremely fast airplanes; The Wall—the point where a plane's speed equals the speed of sound, also referred to as the sonic barrier.

## Power With Words

By Dr. C. E. Funk

Sometimes we run across words which though not sorrowful in themselves, do express sorrow or sadness in some degree, and it is well to know them.

The most mournful in its appearance is "lugubrious" (loo-GYOO-bri-us). And its appearance does not give the lie, for, coming from Latin "lugeo," to mourn, "mournful" is exactly what it means. But it is often used of speakers, especially preachers, who speak in such "lugubrious tones" as to send chills down the spines of their listeners.

A psychologist says parents' gestures are effective in educating a child. Meaning the downward one aimed at the seat of the pants?

## ESCANABA DAILY PRESS

Office 600-602 Ludington Street

Entered as Second Class matter April 4, 1909, at the postoffice at Escanaba, Michigan, under the Act of March 3, 1879.

Member of Associated Press. The Daily Press is the only daily paper printed in an exclusive field of 50,000 population covering Delta, Schoolcraft, southern Alger and northern Menominee counties thoroughly with branch offices and carrier systems in Manistiquette, Gladstone and carrier service in 23 other communities. Advertising rate cards on application.

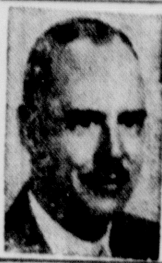

Member Audit Bureau of Circulation National Advertising Representative Scheerer & Co. 141 East 44th Street, New York 17, 35 East Wacker Drive, Chicago 3049 Grand Blvd., Detroit.

SUBSCRIPTION RATES Upper Peninsula by mail: one month \$1.25; three months, \$3.25; six months, \$5.50; one year \$10.00. Outside U. P.: one month, \$1.25; three months, \$3.75; six months, \$7.00; one year, \$13.00. Motor route: one month, \$1.50; three months, \$4.00; six months, \$7.50; one year, \$15.00. By carrier: 25 cents a week.

## UNCLE EF

One of the boys at the garage says a lot of automobile owners ought to have horns on their car that bay, and warn people of the driver's true nature.

## The Doctor Says...

Eat More Fats, Sweets And Starch If You Want To Add Some Pounds

By EDWIN P. JORDAN, M. D. — Written for NEA Service

"I am six feet tall, 24 years old, and weigh only 140 pounds," writes K. G. "I would like to know how I can gain weight." Many others beside the writer of this letter have a similar problem, though many more are faced with the opposite problem and should reduce.

Barring the presence of an over-active thyroid gland or some other physical disorder, the answer is really rather simple: eat more of the right kinds of foods and eat them more often.

When one is trying to gain weight, fatter meats, more butter or margarine, more cream, more sweets, more potatoes, more bread, cereals and other foods of high calorie content should be included in the diet.

This does not mean, of course, that one should stop eating fruits, vegetables, lean meat, milk and eggs, and other things of the kind which provide needed vitamins and minerals, since the diet should remain in balance at all times.

Another thing which can be done is to eat more at each meal. The amount one eats is largely a matter of habit and this can be changed like any other habit. The stomach can be trained to hold more by gradually increasing the amount taken at each meal.

One good way to do this is to eat until the appetite is satisfied and then always take a few more mouthfuls. After a while the appetite becomes better and the stomach holds more before it gets that full feeling.

More food can be taken also just by eating extra meals. A small midmorning meal, an afternoon or bed-time snack of weight-producing foods are helpful. A glass of half milk and half cream is a good example of what could be taken.

### DON'T LESSEN EXERCISE

In looking at the weight, the human body should be considered like a machine in which the food serves as the fuel and if taken in excess can be stored by the body. Of course, the body, like a machine, uses up this fuel by all its activities, including exercise. But a person does not need to, and in fact should not, give up exercise merely because he is trying to gain.

More food is the answer, rather than lessened exercise, because one would have to exercise so much to use up even a small amount of food. Thus, to walk off an ice cream soda containing about 300 calories would require a 10-mile jaunt in five hours, or shoveling nearly 8000 pounds of sand into a wheelbarrow!

## Harry Puts Ike On Bar Of Soap

By FREDERICK C. OTHMAN  
WASHINGTON—I was sitting at my desk, minding my own business, when in burst an enthusiastic young man, who wondered if I wouldn't like to wash my hands with a piece of his soap.

This was no ordinary soap. It was white, except on one side, where it bore a portrait of president-elect Eisenhower, with pink cheeks, a red necktie, and in inscription in blue, saying, "Clean Up With Ike."

My man identified himself as Harry Gordon, president of the Picto Soap Co., of Pittsburgh, Pa., and he said he was in town on the theory that a lot of Republicans should be interested in washing themselves with his illustrated soap. He said, as a matter of fact, they were. All over this town are piling up displays of Eisenhower soap. So why not, said Harry, wash my hands?

I said they weren't dirty and anyhow it seemed a shame to wash the portrait of the General off the soap.

"That," replied Harry, "is the point. This is special, patented soap. The picture stays there, no matter how thin becomes the suds."

### Went Republican

It developed that Harry's presidential soap lathers only on the bare, nonpictorial side. The portrait is protected from water, dirt, and friction by a transparent membrane of secret material that feels like soap to the wet hands, but actually isn't.

Harry regretted to say that he wasn't the inventor of this foamy portraiture. A German figured it out; Harry got out of the Army after the war, and finally wangled the rights to the American end of the illustrated soap business. Kind of a dramatic thing happened, too.

He was in a hurry to get into production back before the election with two kinds of soap, one cleaning up with Ike and the other cleansing with Adlai.

Well, sir, some of the machinery broke down and there was Harry stuck with making Adlai soap, or Ike soap. He could have one, but not both. He bet on Ike and, as it turned out, a good thing he did.

Harry said some other fellows, with better luck in the mechanical department, manager to turn out umpteen million packs of Ike and Adlai cigarettes. The Adlai smokes somehow draw no customers today, even among Democrats, and now they're on sale a cost. Even so, said Harry, there's no great demand for 'em.

### For National Sale

You can't wash our hands in the dark, Harry continued, and that is why he considers himself a fortunate industrialist; Ike soap ought to sell for at least four more years.

Local merchants, said Harry, are stocking up heavily on Eisenhower soap to retail at 10 cents per bar, but the special hotel size isn't doing so well. Harry cannot understand this. The hotelkeepers he's contacted aren't interested;

**TUBFUL OF BEAUTY**—Much more attractive than the three men in a tub of the nursery rhymes, this attractive trio has no intention of getting wet. The girls are just going for a sail off Miami, to test the seaworthiness of a plastic and fiber glass version of the Saturday night wash tub of grandfather's day. The tub is designed for use in house trailers.

you'd think their guests were Democrats.

As soon as Harry has cleaned up the inaugural crowds, which he figures are good prospects because they're composed entirely of Republicans, he will put his political soap on sale nationally. That is, if he can wangle a new machine to turn out portraits on Castile wholesale.

This magnificent apparatus has been designed but it'll cost \$6,500 to build. The Picto Soap Co., does not yet have \$6,500 for special machinery. I suggested that maybe the firm should apply to the Reconstruction Finance Corporation for a loan. Harry said that was an idea, all right, but somehow it didn't seem likely. I mean I hope Harry makes a million and I'm glad he dropped in.

### Square Dancing On Decline In Japan

TOKYO (AP)—Square dancing, once highly popular among the Japanese, is on the way out, the Japan News reports.

The newspaper says responsibility for the decline belongs to the dancers themselves. One pioneer in the field observes they've made it so complicated that newcomers are baffled.

American square dancing was introduced in Nagasaki after the war as a good way to teach democracy. The Japanese loved it. Some 500,000 of them—including the Emperor's brothers—took it up. But now, says the News, square dance enthusiasts have dwindled to 100,000.

Although the diamond is the hardest cutting object, second is tungsten carbide a synthetic material developed in Germany.

## Little Black Children Of Germany Get Homes

FRANKFURT, Germany (AP)—Two dark-skinned children flew to new homes in America today on a flight that may blaze a trail to happiness for hundreds of other homeless tots in Germany.

Three-year-old Annelise and five-year-old Eduard are the illegitimate children of American Negro soldiers and German girls. There are thousands like them facing an uncertain future in Germany, where Negroes are a rarity.

An American Negro woman, Mrs. Oscar G. Grammer of Washington,

D. C., became concerned about the problem and decided to do something about it.

She and her husband, a chief warrant officer in the American Army at Mannheim, have no children of their own. They began by adopting five little half-negro waifs.

Then she wrote to a Negro newspaper in Baltimore, Md., asking help in finding other American Negro families willing to adopt such youngsters.

A couple in Washington, D. C., was among the first to respond.

## Italian Deputies Have Fist Fight

ROME (AP)—Fists and even the ballot box flew last night in an uproar in Italy's Chamber of Deputies during a bitter fight over proposed changes in the election law.

As the Chamber voted on preliminary amendments to the law, Communists and pro-Red Socialists ringed the ballot box into which pro-government deputies were trying to drop colored balls to signify their vote.

Amid exchanges of blows and insults, Communist Deputy Silvio Messinetti leaped to the voting table and hurled the ballot box into the air.

After order was restored, the president of the Chamber suspended Messinetti for five days. The session closed after midnight without reaching a vote on the government-backed bill's main provision, to give "bonus" seats in the Chamber to any party or bloc winning 51 per cent of the ballots in this year's national elections.

## Mrs. Mischen, 46, Of Ford River Dies Tuesday

Mrs. Josephine Mischen, 46, of Ford River Mills died Tuesday in St. Francis Hospital. She had been ill the past six months.

Mrs. Mischen was born June 4, 1906 in Ford River and spent most of her life there.

She leaves three sons, Leon Wellman of Detroit, Pvt. Beverly Mischen of West Point, N. Y., and Pvt. Michael Mischen of Milwaukee; two daughters, Geraldine Mischen and Mrs. William Sulser of Rockford, Ill.; her mother, Mrs. Clara Wellman of Bark River, Rte. 1; and the following sisters and brothers: Jesse Wellman, Mrs. Arthur Nelson, Mrs. Joseph Fudala, Ardie Wellman and Hiram Wellman of Bark River, Rte. 1, Leone Wellman of Escanaba, Rte. 1, and Mrs. Russell Wilson of Fox.

The body is in state at Alto Funeral Home, where the rosary is to be recited at 8 tonight. Funeral services will be conducted at 9 a. m. Thursday from St. Ann chapel by The Rev. Clifford Nadeau. Burial will be in South Ford River cemetery.

## Quick Senate OK On Cabinet Seen

(Continued From Page One)

committee.

Questioning of Douglas McKay, named as secretary of interior, hasn't been scheduled definitely by the interior committee. The agriculture committee has delayed fixing a day to interview Ezra Taft Benson, chosen for secretary of agriculture.

Sen. Young (R-ND) told a reporter he hasn't been completely satisfied about Benson's attitude toward maintaining farm price supports at present levels.

## Truman's Message Predicts Recession Threat Next Year

By STERLING F. GREEN  
WASHINGTON (AP)—President Truman told the country today it can achieve production of half a trillion dollars annually within a decade—if it beats a potentially serious threat of depression after this year.

In his last major message to Congress, the annual economic report, Truman pictured today's "unparalleled prosperity", high employment, and stable prices as being good throughout 1953. But he said that thereafter:

"We may face in the future, particularly when defense spending can safely be reduced, more serious tests of our ability to avoid depression than those which have occurred since World War II."

**Read By Clerks**

The President did not deliver the 10,000-word message in person, but sent it to the capitol to be read by clerks.

He called for further progress. Within 10 years, he said, it is feasible to increase consumer income by 40 per cent, providing an average income of \$2,000 for each man, woman and child.

"Ten years from now, a labor force of 75 to 80 million, working more effectively with better tools but somewhat fewer hours per week, could produce annually about 475 to 500 billion dollars worth of goods and services—measured in today's prices," Truman said.

"This is about 40 per cent above the present level, and represents an average increase of slightly over 3 per cent a year."

**Output Doubles**

Truman gave these comparative figures:

National output now is 345 billion dollars annually, as against 172 billions in 1929, measured in dollars of 1952 buying power. Industrial output has doubled and

## US And Japan Get Tough With Reds

(Continued From Page One)

cance in the timing of the warning. There has been no marked increase in the number of violations of the Japanese skies. But continuing violations have caused concern.

Shooting down a Russian MIG over Hokkaido would have caused a lot more flap internationally before the warning was issued than it would cause now that the Soviets have been told Japan and the U. S. mean business.

**Taking Photographs**

Both nations concurred in the warning and both the U. S. Ambassador Robert Murphy and Gen. Mark Clark came through swiftly with statements backing up the warning.

Two interesting questions remain to be answered.

1. Why are Soviet planes flying over Japan?
  2. What happens to a Soviet plane and its pilot if one is shot down or forced to land inside Japanese territory?
- The 20 to 40 Soviet planes reported over Japan since June could have been reconnaissance planes or they could have been thrill-seeking jet jockeys of the Russian variety.
- Most of them, however, are believed to be reconnaissance planes, taking photographs of security force installations. There are two purposes for reconnaissance: (1) to find out if the other side is getting ready to hit you, and (2) to find out what his defenses are before you hit him.

CHICAGO LIVESTOCK	
CHICAGO (AP)—USDA—Salable hogs 12,000; generally moderately active, very uneven, around 25 cent higher on weights under 230 lbs. and 25 to 50 cents higher on weights 230 lbs. and over; sows active, 25 to 30 cents higher; choice 170 to 230 lbs. \$18.40 to \$19.00; latter price paid more freely, mainly for choice 170 to 220 lbs. most 230 to 250 lbs. \$18.00 to \$18.60; 250 to 270 lbs. \$17.60 to \$18.25; 280 to 300 lbs. \$17.00 to \$17.65; few loads 300 to 330 lbs. \$16.50 to \$17.25; most 325 to 350 lb. sows \$14.75 to \$16.50; weights over 350 lbs. downward to around \$14.00; good clearance.	
Salable cattle 9,000; salable calves 300; prime steers all weights and choice grades under 1,200 lbs. steady to 50 cents higher; commercial and good yearlings fully steady; other steers slow, steady to 50 cents lower; bulls and vealers steady; load high; prime around 1,050 lb. steers \$38.00; fairly sizable supply prime steers and yearlings \$33.50 to \$37.00; most choice to low-price steers \$26.00 to \$33.00; commercial to low-choice \$20.00 to \$25.00; choice and prime mixed steers and heifers \$30.00 to \$31.50; several loads choice heifers \$29.00; most good and choice heifers \$22.00 to \$27.50; few high-commercial cows \$17.50; good bulls \$17.00 to \$19.00; commercial to prime vealers \$23.00 to \$31.00.	
Salable sheep 5,500; no slaughter lambs sold; larger proportion heavies in crop than Tuesday; sentiment weak; yearlings unsold; slaughter ewes steady at \$7.00 to \$8.50 on cull to choice.	

farm production risen about 50 per cent. In the same period the work week has dropped from 48 to 44 hours, but the output of each worker has risen 80 per cent. Average annual income after taxes was \$1,000 a person in 1929 and last year averaged \$1,500, again measured in 1952 prices.

Truman emphasized the protections against economic collapse which have been developed in the period—a "fairer" distribution of income, social security, farm price supports, a "far more shock-proof" system of banks and securities exchanges, "firmer wage rates due mainly to stronger unions, and "more enlightened business practices" in pricing, marketing and collective bargaining.

However, such factors are not in themselves sufficient to safeguard the country from depression, Truman cautioned. The best protection is to keep the economy expanding, he said, not waiting until small recessions start and then trying to reverse them.

**Must Raise Incomes**

Not only more income but better—quarter of all U. S. families had less than \$2,000 of spendable income in 1951, he said. A third of them had debts, and the median, or middle, family in this group had less than \$10 in liquid assets, not counting currency.

It is feasible within a decade to raise all the families whose incomes are now below \$4,000 annually to that level," he said. "We should set this as a target for a basic American standard of living for all within a decade."

Urging that social security benefits be brought more clearly into line with the country's improved standard of living, the President asserted that such improvement would have economic as well as social benefits.

**Caution Against Cuts**

Truman cautioned his successor, President-elect Eisenhower, and the new Republican Congress against reducing foreign military or economic aid "sharply or prematurely." Effect of such action, he said, might be to force this country to abandon its own future domestic gains.

"For if Communism should gain abroad, we would have to become an armed fortress at terrific cost," the message said.

The message closed:

"America is now confronted with the challenge to make its fair contribution toward world peace and security. Happy will be the day when we can raise to the nobler challenge of participating more fully in the advancement of world prosperity."

"This may be our most significant contribution to human betterment in the second half of the Twentieth Century."

## Fishermen Keep After Lampreys

TRAVERSE CITY (AP)—The Michigan Fish Producers Association has thrown its support behind a campaign to rid Great Lakes waters of the costly sea lamprey.

At its final session yesterday, the association adopted a resolution supporting a proposed U. S.-Canadian treaty which would set up a joint commission to administer the anti-sea lamprey program.

A uniform legal size for whitefish in Great Lakes states also was called for by the association. It went on record in support of Wisconsin's 17-inch minimum rule, rather than Michigan's two-pound minimum.

Under a new practice of alternating conventions between the Lower and Upper Peninsulas, the 1954 convention will be held in Escanaba. The meetings have been held here for the past 17 years.

## Dulles Confers On Korea Policy

(Continued From Page One)

with their first insight into what plans Eisenhower has made since his December visit to the Far East toward bringing the war in Korea to a close.

In a statement yesterday, Wiley promised to work for a bipartisan policy and said he will insist that there be "full representation for the minority" in conferences with the State Department.

Sen. Taft (R-Ohio), a new member of the foreign relations group, said he expects Dulles will be asked to outline his European visit agenda at Friday's meeting.

Dulles, an expert on Japan through his negotiation of that country's peace treaty, probably will be questioned by the foreign relations group about the U. S. decision backing up a Japanese warning that Russian planes violating her borders will be shot down.

The average income per family in the United States is about \$3,300.

**45 YEARS SERVICE**—John J. Foley, Menominee, division commercial superintendent of Michigan Bell, this month is rounding out 45 years of service with the telephone company. He will be retired in May upon reaching the age of 65. Mr. Foley has been commercial superintendent of Michigan Bell's northern division for 25 years. A dinner party honoring Foley was held in Menominee Saturday at which Wm. E. Shane, Detroit, general commercial manager, presented Foley with a 45-year service pin.

## Start Of Soviet Purge Indicates Jittery Kremlin

(Continued From Page One)

ticians whom the regime wanted to get rid of. They also commented that the usual pattern of Communist purges is a series of arrests which tend to build up a case and to arouse public sentiment against one or more political figures who, until then, have seemed to be firmly established.

The death of Zhdanov four years ago gave rise to speculation then that he might have been the victim of political rivalry. He was generally described by Western experts on Russia as an opponent in the Politburo of Georgi M. Malenkov, who has recently been generally regarded as the man most likely to succeed Stalin.

Some experts have suggested that if Zhdanov was really the victim of a political plot, its authors would at some point wish to fix responsibility on somebody else.

"The State Department commented that while the 'real motivation' of the arrests is not yet known, they give evidence of uncertainty and insecurity within the Soviet Union."

## Home Economics Meeting At Cornell

CORNELL—The Cornell Home Economics Club met Tuesday, Jan. 13, at the Cornell Town Hall. The discussion centered on making lamp shades the modern care of clothing. It was decided to have business meetings the second Tuesday of the month. Lunch was served during the social hour.

## Hospital

Clement DeCamp, 1213 1st. Ave. N., who has been a medical patient at St. Francis hospital, has been dismissed and is convalescing at his home.

## Grumbling Convicts Have Their Eye On 67th Legislature

By JAMES A. O. CROWE  
JACKSON (AP)—More than 7,000 pairs of burning eyes are fixed on Michigan's 67th Legislature as it gathers for its opening session today.

The eyes belong to the inmates of Michigan's prisons. You'd have to talk to the prisoners personally to realize the taut importance they are attaching to this Legislature's actions on prison legislation.

**Resentment Smoulders**

Apparently last April's huge riot here at Southern Michigan Prison and subsequent more minor disturbances have brought to a head a long smouldering resentment among prisoners over what they call inequities in the criminal code and in the statute providing for time off for good behavior.

Convicts will tell you openly that if the Legislature fails to act, particularly on the good time statute, "there'll be trouble in the spring."

Whether this threat could be carried out or not under the new "get tough" policy of Warden William H. Bannon is another matter.

The prisoners reserve their bitterest complaints for Michigan's unique system of two grades of good time—high grade and low grade.

Under the system, first and second offenders from Michigan get about three months a year of their sentences if they behave themselves.

**Irked By Sentences**

But offenders who are convicted in Michigan after having served another sentence in another state or a federal prison get less than a third of that—about a month a year. The same applies to Michigan offenders after their second term if their terms don't overlap.

Bannon is all for eliminating the low grade good time and for making the elimination retroactive to release at once some 300 men now in the prison on low grade good time who would have long since been out on the high grade.

"If nothing else," he said, "this would give us a big boost in licking the overcrowding here."

The prisoners also are grumbling, but not so bitterly over the

## Tinplate Heir Weds Ice Skating Teacher

SALT LAKE CITY (AP)—Henry J. (Bob) Topping, the tinplate heir, and Mona Mae Moeld, 24, identified as an ice skating instructor at Sun Valley, Idaho, obtained a marriage license yesterday.

Actor Jimmy Cross announced in Hollywood that the couple had married. Topping recently was divorced by actress Lana Turner.

Newsmen were unable to find who performed the marriage ceremony, and they were unsuccessful in attempts to reach Topping.

On the license application Topping gave his age as 39, his residence as Ketchum, Idaho, and his occupation as "investment man."

Topping has been married four times—to actresses Lana Turner, Arline Judge and Jayne Shaddock and Gloria Baker, a society girl.

## Gov. Williams' Message To Be Heard Thursday

(Continued From Page One)

Gov. Williams will deliver his 3,000-word message to the lawmakers.

The big issue was what the Legislature will do to pull the state out of virtual bankruptcy.

"I'm sick and tired of passing appropriation and tax bills on the last night of the session and then finding that the governor has vetoed tax measures and left the budget out of balance," Porter said.

"I'm also sick and tired of passing appropriation bills with no connection to the amount of money which the Legislature will vote to pay those bills."

**Recess Anticipated**

Porter demanded that the Legislature decide what tax measures it wants, pass them, see what the governor does with them and then pass appropriation measures to fit the revenues expected.

Porter said he planned to have his committee study the budget divisions' proposed budget of \$345,000,000 and decide tentatively how much of it is feasible.

"Then, he said, he wants the senate and house taxation and appropriation committees to sit together and decide how many and what type of new revenue measures it can pass.

"If the governor doesn't approve our tax bills," Porter said, "then we will simply cut appropriations to fit the revenues he leaves us. And we should attach to each appropriation a firm requirement that every department head live within the money we give him."

This policy, if adhered to, could lead to a head-on collision between the governor and legislature before

the session ends, probably in late spring or early summer.

The lawmakers are expected to adjourn for the weekend after hearing Williams Thursday.

Meanwhile, there was talk of recessing until the middle of next week to allow those who want to attend the presidential inaugural in Washington Jan. 20.

**SPEAKER ELECTED**

LANSING (AP)—The Republican majority in the House by one vote last night elected Rep. Wade Van Valkenburg (R-Kalamazoo) speaker.

The new presiding officer of the House beat out Rep. Arnell Engstrom (R-Traverse City) in a secret caucus by drawing 33 votes on the first ballot. Engstrom won 32 votes.

Rep. John D. Kruse (R-Manistee), an acknowledged Engstrom backer, did not arrive for the caucus, accounting for the one missing vote in the 66 possibilities.

Rep. William S. Broomfield (R-Royal Oak), who at 30 is beginning his third term, was elected Speaker Pro-Tem with virtually no opposition.

Rep. Harry J. Phillips (R-Port Huron), who is beginning his sixth term, was named majority floor leader.

Van Valkenburg, 53, is a lawyer in private life. Beginning his fourth term, he was a member of the powerful ways and means committee last term.

Norman E. Philleo, who has been Clerk of the House since 1945, was reelected as were Dan McCusig of Alma, sergeant at arms; Arthur Wickman of Carney, postmaster, and Harold Hill of Lansing, assistant postmaster.

Van Valkenburg succeeds Victor A. Knox of Sault Ste. Marie, who went to Congress.

## Generals Who Became President

By Ray Ellis and Ed Kudlaty

The panic of 1837 gave the Whigs ammunition for their candidate. Harrison, the first candidate to make speeches, was depicted as the man of the people. Appealing to the emotions of the nation, "Tippecanoe and Tyler too" were swept into office in 1841.

"Old Tip" was a man of mediocre talent and modest attainment. He owed his preference to military fame rather than statesmanlike qualities. The new West was the scene of his fame and he found his way to the presidency over the same road as did Jackson. After one month as President, he died of pneumonia.

# Government Spending Leads Issues Facing New Congress

**By Congressional Quarterly**  
WASHINGTON — Tough legislative problems on almost every issue, major or minor, await the new 83rd Congress.

A lot of important legislation expires in 1953, and the Congress must either extend most of these measures or pass new ones if the nation's domestic and foreign programs are not to crumble. A few of the expiring bills have built-in replacements, providing for the renewal of former measures when the present ones end.

Expiring legislation comprises only a small portion of the work to come before the Republican-controlled 83rd Congress. Pressure groups of every sort are urging new measures and revisions of old, and many Congressmen plan to introduce revisions, additions and replacements for present bills.

Many of the biggest issues hinge on the theme of government spending. President-elect Eisenhower will present a budget to Congress for fiscal 1954 (which begins July 1, 1953). The budget will mostly be the work of President Truman and his advisers, so Eisenhower may be friendly to certain revisions. Early forecasts pegged the new budget at about \$85 billion, but later estimates have placed it as low as \$70 billion.

Senate GOP leaders have voiced the opinion that the budget can not be trimmed much below \$80 billion, but House leaders have indicated a desire for a greater reduction in government spending.

Appropriations end June 30, with

the end of fiscal 1953. Consequently the new Congress will have one eye on its upcoming tussle with appropriations when it studies the budget.

Another issue in connection with the budget which Congress must face is that of taxes. Many Congressmen have talked of cutting taxes, but many have called for a balanced budget. It seems unlikely that both goals can be achieved in the next year. The excess-profits tax on corporate earnings will expire June 30, and the present income tax rate will end Dec. 31 with the former lower rate taking effect unless Congress decides otherwise.

Congress may also have to consider the tax problem from the standpoint of a Constitutional amendment. Several organizations and some Congressmen have urged that a Constitutional convention be called by Congress for purposes of writing an amendment to limit the federal government's power to tax. One proposal is to place a Constitutional ceiling on income taxes, with the maximum tax rate to be 25 per cent of an individual's income.

## Aid-Trade Debate

In wrestling with budget and appropriations problems, one primary concern of Congress will be that of how much should be spent on foreign aid. Few critics of current foreign aid programs have called for drastic reduction of military aid, but some have urged virtual elimination of technical and

economic assistance to other countries.

Some groups have advocated replacing economic and technical aid with measures more favorable to foreign trade and investment of American capital abroad. Congress will have an opportunity to consider such a program, as the Reciprocal Trade Agreements Act will expire June 12, 1953, and all agreements made under it will end Jan. 1, 1954. If the act should be allowed to expire without some new legislation by Congress, the old Smoot-Hawley tariff rates automatically will become effective Jan. 1, 1954. Most tariffs are at present from 50 to 75 per cent below Smoot-Hawley rates.

The import duty on foreign copper is currently suspended by action of the 82nd Congress. However, it will automatically again be effective Feb. 15, 1953, unless the 83rd Congress again suspends it.

## Hot Domestic Issues

On the domestic front, economy-minded Congressmen will have an opportunity to trim the budget by opposing funds for certain reclamation and power programs and harbors and flood control projects.

Other top priority domestic issues due to come before Congress include the tidelands oil controversy (state vs. federal ownership), wage, price and rent controls, the St. Lawrence Seaway proposal, revision of the Taft-Hartley labor law and the nation's farm program.

President Truman vetoed legislation by the 82nd Congress giving

states ownership of submerged offshore oil lands. President-elect Eisenhower is on record as favoring state ownership, and Congress is expected to pass such legislation once more.

Many groups have urged the end of all controls, but it is possible that the new Congress may enact some limited form of stand-by controls which would be effective in case of a new national emergency.

The St. Lawrence Seaway proposal was narrowly defeated by a Senate vote in 1952, but it may have sufficient support to gain passage in 1953.

## Taft-Hartley Revision

Sen. Robert A. Taft (R-Ohio) and Eisenhower's Secretary of Labor, Martin P. Durkin, along with many others, have asked for revision of the Taft-Hartley labor law. A new call for revision, voiced Dec. 27, reopened debate over one of the law's most controversial points—that requiring union officials to file non-Communist affidavits. The House Committee on Un-American Activities said that, "after a start as intended by its authors," the provision was "now working to the benefit of members of the Communist Party engaged in the field of labor."

The McCarran-Walter Immigration Act, passed by the 82nd Congress over Mr. Truman's veto, probably will come up for revision. Opponents have been particularly critical of certain provisions of the measure which they term discriminatory.

The matter of Hawaiian and Alaskan statehood will be revived, and both territories appear to have gained some Congressional strength in their bids for admission.

Federal health insurance is another issue likely to return to debate. A special commission study-

ing the problem has proposed a program which would be a compromise between the large-scale federal system advocated by Truman and the private voluntary participation plan advanced by the American Medical Association. The future of the new proposal seems largely to depend on how much Eisenhower will support it or the AMA will oppose it.

## Other Issues, Probes

Among the dozens of additional issues to come before the new Congress are:

Civil service reforms, various civil rights proposals, voting privileges for residents of the District of Columbia, outlawing or controlling of Communists, national Presidential primaries, national election reforms, extension of the President's emergency powers, reorganization of the Executive branch of the government as recommended by the Hoover Commission, enforcement of inspection provisions of the Federal Food and Drug Act, "fair trade" law revisions, curbs on criminals and influence peddlers, public housing and home loans, aid to education, adjustment of postal rates, termination of the Reconstruction Finance Corporation, tightening of mine safety regulations, creation of federal judgeships, development of atomic energy for industrial uses and tightening of atomic secrecy, conversion of salt water into fresh water, changes in regulations on freight and transportation, and much legislation affecting veterans, military personnel and men of draft age.

In addition to all these and many more legislative problems to be placed by the new Congress, the growing business of investigating will also get headlines.

Many investigations have been proposed, with particular emphasis

## Windsor Resident Accused Of Helping Smuggle In Aliens

DETROIT (AP)—Paul Elliott, 53, was held under \$3,000 bond today on Federal charges of helping smuggle aliens into this country from Windsor, Ont.

Elliott, a Windsor resident who was arrested last month when he tried to cross into Detroit, pleaded innocent yesterday when arraigned before Federal Judge Frank A. Picard.

Immigration Examiner Joseph

Surek said Elliott's Windsor coffee house was used to make arrangements to bring aliens into this country illegally.

The specific charges against Elliott listed two instances in which he was said to have received \$100 and \$150 for helping smuggle aliens. On one occasion, Surek said, Elliott helped bring in an alien in the trunk of a car driven by Stanley Carley, former Canadian customs officer convicted of smuggling.

The 1947 U. S. birth rate of 26.6 per 1,000 was the highest in a quarter of a century.

ON DISPLAY TOMORROW - THE 1953

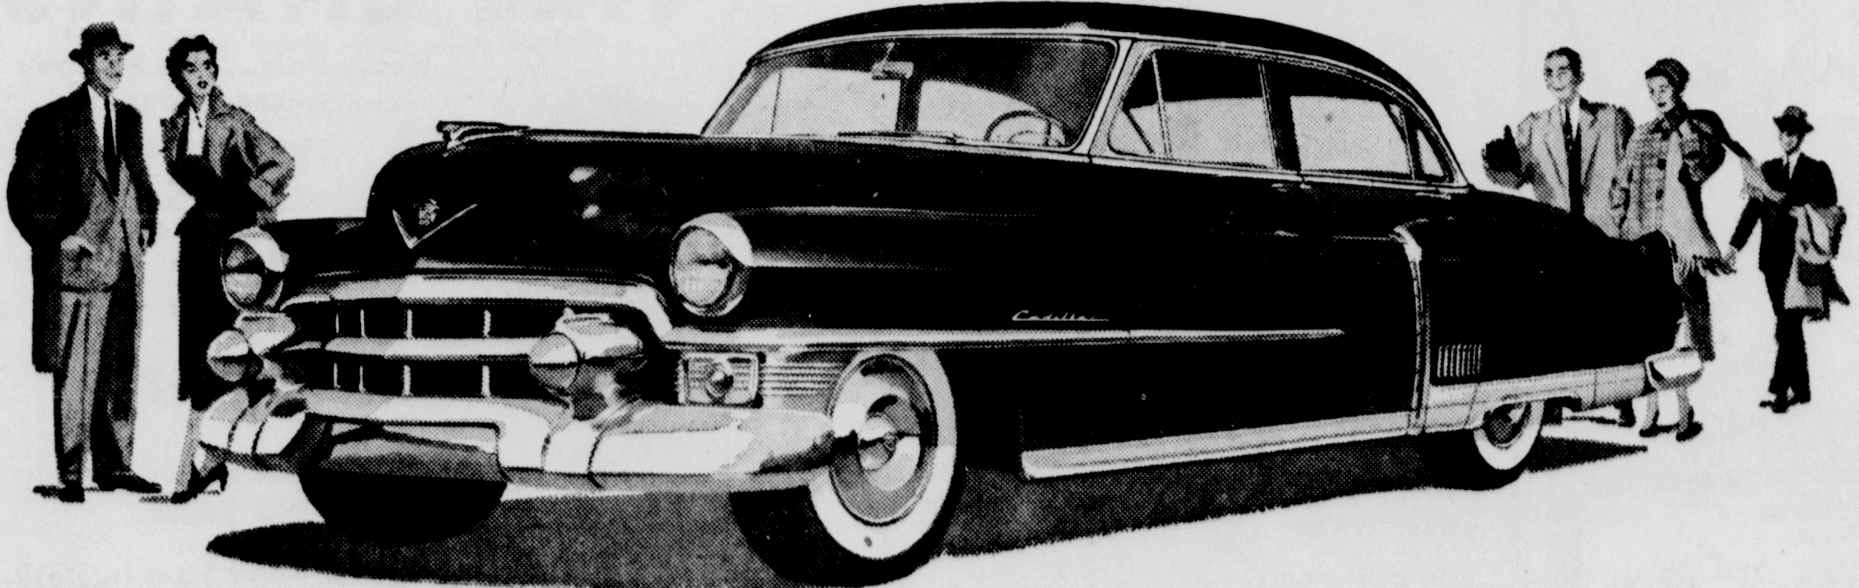

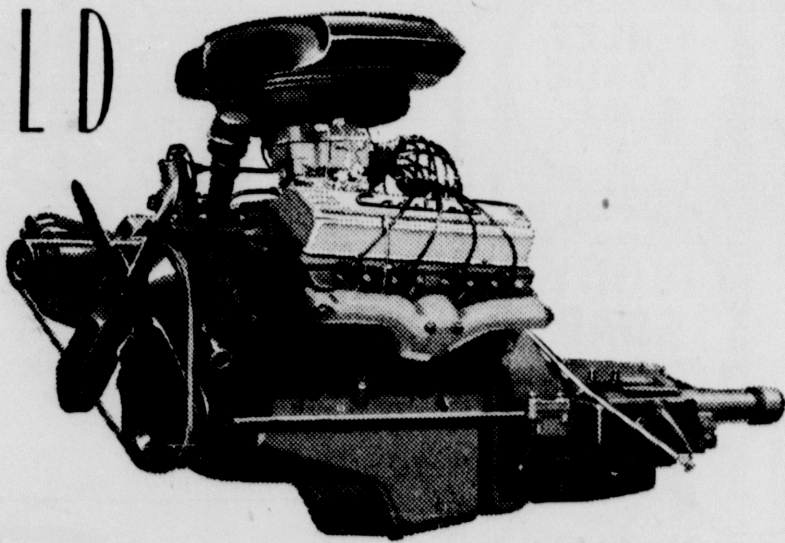

**Cadillac**

A NEW INSPIRATION FOR THE  
AUTOMOTIVE WORLD

BY THE PREMIER BUILDER

OF THE **V-8** ENGINE!

## IMPROVEMENT HIGHLIGHTS

- DYNAMIC NEW 210 H.P. ENGINE
- VASTLY IMPROVED HYDRA-MATIC DRIVE
- ADVANCED POWER STEERING\*
- BREATH-TAKING NEW INTERIORS
- NEW CADILLAC AIR CONDITIONER\*
- MORE BEAUTIFUL EXTERIOR STYLING
- EVEN GREATER OPERATING ECONOMY

\*Optional at extra cost.

A great new inspiration for the automotive world will be on display in our showroom tomorrow. It's the 1953 Cadillac—the latest triumph of Cadillac's engineering and styling genius. Its beauty alone would place this new motoring creation among Cadillac's all-time "greats"—for its innumerable exterior changes have made it simply breath-taking to behold. Its interiors, too, are dramatically new—offering the most beautiful fabrics and appointments ever available in a motor car. And for those who desire the ultimate in comfort, a wonderful new Cadillac Air Conditioner\* is now available. But the heart of this new Cadillac's greatness lies in its performance—so extraordinary that it transcends any previous concept of how a motor car should act and handle. This magnificent performance

comes from many sources. It comes from Cadillac's improved Hydra-Matic Drive. It comes from Cadillac's advanced Power Steering\*—so marvelous that turning and parking and steering become almost a response to your wish. And it comes—in even greater measure—from Cadillac's great new 210 h.p. engine... the dramatic climax of almost 40 years of unduplicated experience in the design and construction of V-8 engines. We sincerely urge you to see and drive this great motor car. It is offered in three new series—the beautiful "Sixty-Two," the luxurious "Sixty Special" and the distinguished "Seventy-Five." There is also Cadillac's new sports convertible, the Eldorado—the most glamorous and exciting creation in the whole of Cadillac history. Why not see them soon?

# New York Coliseum May Replace Slums, Bring In Millions

By CHARLES CHUCKROW

NEW YORK (AP)—New York's famed tourist attractions—the Empire State Building, Rockefeller Center and United Nations Headquarters—may soon get some new competition.

Plans have been made to build a 40 million dollar project which will include a coliseum and exhibition hall and two modern apartment buildings on one side of famed Columbus Circle.

The New York Coliseum, as it is to be called, will have room for 6,000 permanent seats along with space for 19,500 additional temporary chairs. The seating capacity of Madison Square Garden is about 18,000.

## Federal Aid Expected

Robert Moses, chairman of New York City's Committee on Slum Clearance, prepared the plan. It was unanimously approved by the city Board of Estimate and is now pending before the Federal Housing and Home Finance Agency in Washington. Under the National Housing Act the federal government may provide aid to supplement municipal funds in acquiring sites for slum clearance.

In backing the project, the slum clearance committee pointed up New York's need for an adequate convention hall. Large conventions, expositions and trade shows "have invariably gravitated elsewhere" because New York has not

had adequate facilities, the committee commented.

The Coliseum would compare this way with two present New York show centers in exposition space available: Madison Square Garden, 40,000 sq. ft.; Grand Central Palace, 180,000; and the Coliseum, 225,000.

## Seating Flexible

"The arrangement of seats is so flexible," the committee reported, "that any type of convention or exhibition can be accommodated. Special consideration has been given to handling several affairs at a time with attendant movement of incoming and outgoing equipment and material."

In addition to two floors of garage space for 800 cars below ground, the street floor of the Coliseum will be used for shops and restaurant space, the next four floors for exhibition area and the top floor for meeting rooms.

Now occupying the 6.32-acre site are slums and commercial buildings. There are more than 500 families living in the buildings, many of which are run down. Some of the tenants are in low income groups and therefore entitled to low-rent public housing. Others will be offered help in getting relocated.

## Near Shopping District

Plans for the two apartment buildings specify they will be 12 stories high and have 1,688 rooms.

## INDIAN CARDINAL — Msgr.

Valeriano Graciana, archbishop of Bombay, India, is the first Indian to become a Prince of the Roman Catholic Church. He was named by Pope Pius XII to replace the late Msgr. Carlo Agostini, Patriarch of Venice, who died before he could receive the Red Hat, at the Consistory called by Pope Pius.

Garage space will be provided. The Coliseum will be located on the southwest side of Columbus Circle facing Central Park. The apartment houses will be directly behind it.

That site is a half mile north of the Times Square amusement section and not too far from Fifth Avenue's shopping district.

Bernard F. Gimbel, president and chairman of the New York Convention and Visitors Bureau, estimated the coliseum would bring to New York City an annual \$50 to 100 million dollars now spent elsewhere.

## Germfask

GERMFASK — The W. S. C. S. held a meeting at the home of Mrs. Ray Heath.

Mrs. Charles Burton has returned from Landsburg where she has been visiting several weeks.

Mrs. Maxine Heath and daughter Jacqueline, left on a trip to Texas and Florida.

Mr. and Mrs. Leonard England have returned from a trip to Alabama.

Floyd Menere has returned to his home after visiting at Sault Ste. Marie.

Mrs. Leo Lawrence and Mrs. Harold Lustila of the South Germfask Home Extension group and Mrs. Albert Boyd, Mrs. David McLaughlin and Mrs. Cordia Henry of the Merry Homemakers Club attended the home extension leaders training meeting at Seney.

## Cribbage Club Reorganized

The Cribbage Club held a reorganization meeting with the following officers elected to serve for the coming season: John Lustila, president; Mrs. Louis Hartman, vice president; Mrs. Neil Jacobson, secretary; and James Berry, treasurer. Cribbage was played after the business meeting. Lunch was served by Mr. and Mrs. Leo Tovey, Mr. and Mrs. Harold Peters, Mr. and Mrs. Harold Lustila and Mr. and Mrs. William Caffey.

## V. F. W. Auxiliary

The Ladies Auxiliary to Edward James Doran VFW Post 2962 held a business meeting at the Germfask Community Building. It was decided to hold a bake sale at Bill's Sport Shop Saturday afternoon, Jan. 24. The following members will serve on the committee: Mrs. William DeLaurier, Mrs. Jennie Swisher and Mrs. Maude Burns.

Mr. and Mrs. Clifford Van Schoyck.

Mrs. Leah Nelson spent the weekend visiting with her husband at Iron Mountain.

Cpl. Richard Doran arrived from Ft. Riley, Kan., to spend a furlough with his parents, Mr. and Mrs. John Doran Sr.

Mr. and Mrs. Leonard Gager and family, Mr. and Mrs. Howard Snyder and family and Mr. Walter Aucutt were guests of Mr. and Mrs. Alfred Gager at supper Monday evening on the occasion

of Alfred Gager's 70th birthday anniversary.

The East End Craft Club met at the home of Mrs. Audrey Newborn Monday evening.

Mr. and Mrs. Richard Swisher and family and Mr. and Mrs. Ernest Derwin and daughter Kathy have left for Ypsilanti.

A shortage of sulphur makes a shortage of sulphuric acid, an essential chemical in many industrial processes.

## GREEN SLATE BLACKBOARDS

EASTON, Pa. (AP)—A new, green, natural slate chalkboard has been developed by a firm in Northampton County, major source of all slate blackboards for classroom use. The new board, is a carborundum base, wear-resistant coating especially bonded to virgin quarried slate chalkboards. It is said to be free from glare, affords excellent contrast and readability, and has a life expectancy of 15 to 25 years.

## Grandmother Of 10 Tries College At 72

EAST LANSING (P) — A 72-year-old grandmother of 10, who has seen her fifth and last child graduate from Michigan State College, is now trying her hand at this college education she has heard so much about.

She is Mrs. Augusta M. Lynch of Custer.

Mrs. Lynch is enrolled as a

general business student, majoring in insurance and real estate and working toward a bachelors' degree.

Just for the record, she is listed as a junior, the college said firmly, "one the basis of her age, special tests and courses previously taken."

Here's the roll call of what Mrs. Lynch already has contributed to M. S. C.: Adine Lynch Hurd of Manistee, Class of 1935; William H. Lynch, Manistee chemist, class of 1937; Joseph C. Lynch, Reed City prosecuting attorney, class of 1940; Mrs. Ruth Lynch Lesausky of Custer, class of 1943, and Harry W. Lynch, East Lansing, graduate student at M. S. C.

P. S.—Mrs. Lynch has a date for the 1953 J-Hop. Its with College Registrar Robert S. Linton.

Registrar Linton has known Mrs. Lynch for a number of years through her interest in the college.

"I told her, kiddingly, that when she got to be a junior I'd take her to the J-Hop," Linton said.

"By golly," said the white-haired grandmother, "I'm going to take him up on it."

## State Treasury Will Give 30 Million To Schools This Week

LANSING (P)—The stricken state treasury will release about \$30,000,000 to the public schools and local units of government this week, Auditor General John B. Martin Jr. reported.

Martin said vouchers will be ready Tuesday for a \$10,086,134 partial payment of the January state school aid allocation, about one third of the amount due the schools this month.

The state also will pay out \$20,000,000 in sales tax diversion funds to schools and local units, half to each category, he said.

## Air Force Device Tests Radio Gear

BALTIMORE (P) — The U. S. Air Force may be able to improve future design of radio equipment through the use of a sound-proof and echo-free testing chamber, the Air Force reported here.

The new \$35,000 chamber is a facility of the Wright Air Development Center, Dayton, O. Technicians believe the chamber will be useful in determining and calibrating the performances of all types of radio communications equipment. Goodwill Industries, made an important contribution to the project by building 4,280 sound-absorbing wedges used in the chamber.

## Radio Industry Works On Disaster Receiver

WASHINGTON (P) — How would Americans get information and instructions during a bombing attack if power failure silenced their household radios?

To help answer that question, the Federal Civil Defense Administration said yesterday it is working with experts and the radio industry to develop a cheap self-contained receiver for mass production.

Meanwhile, said FCDA, the country's 27½ million automobile radio and 10 million battery powered portables should help.

"WHITE SHEEP" OF THE FAMILY — "Snowdrop," above, is a dog of distinction. He's an albino cocker spaniel and was born in Yakima, Wash. All of his brothers and sisters are black, and should Snowdrop survive, he'll be one of the few true albino dogs in existence. Mother, however, doesn't care what color he is—he's her puppy, and that explains the distrust with which she is regarding the photographer. Snowdrop is a biological "sport," not a true mutation, or new type of spaniel. Should he ever sire a family, the puppies will be black.

## CONTEST FOR BLIND

VANCOUVER, Canada (P) — Clem Jolly with a salmon weighing 27 pounds won the fifth annual salmon derby of the Canadian National Institute for the Blind here. About 80 blind fishermen took part, landing 20 salmon.

## Turkish Officers To Study Economy

ISTANBUL (P) — The Turkish army plans to open a national war college this year to teach such subjects as national and international economy.

Maj. Gen. William H. Arnold, head of an American military

mission of 1,300 which is helping to train the Turkish army, announced plans for the college. He said it would be established in Istanbul for senior officers and would be in addition to the present staff college.

Gen. Arnold said there are 35 major Turkish army schools modeled on the U. S. military school system.

# New Ford Miracle Ride

Here's new freedom from bounce, pitch and sway... an entirely new standard of riding comfort!

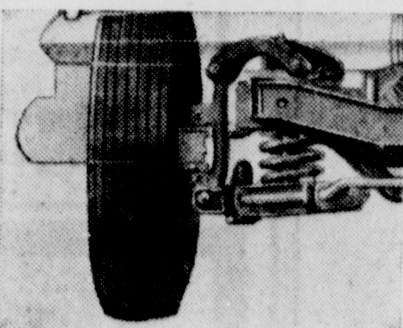

If you've thought it takes gas-eating weight and hard-to-park length to give real riding comfort you ought to try this '53 Ford. For Ford's new Miracle Ride actually seems to lay a carpet of smoothness even over the roughest roads. There's no

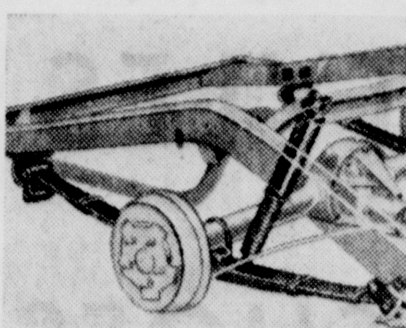

bounce, pitch and sway to bother you, no uncomfortable roll on curves. Ford's new Miracle Ride marks a new era of riding comfort and quiet. It's another big reason why Ford is worth more when you buy it... worth more when you sell it!

The New Standard of the American Road

**80% less road shock!** By increasing front wheel travel and redesigning the rubber compression bumpers, front end road shock is reduced as much as 80%. Springs are tailored to weight of each model, for best riding comfort, whichever model you buy.

**Automatic Ride Control!** Ford's Variable-Rate rear spring suspension actually makes effective spring "stiffness" vary automatically as road and load conditions change. You get a smooth, level, comfortable ride on boulevard or roughest back road.

**All day comfort!** Scientifically designed contour seats, both front and rear, have thick foam rubber cushions. Non-sag spring construction is firm yet resilient. Automatic Posture Control provides the most convenient seating position for all drivers.

You've got to Value Check this new Ford's 41 "Worth More" features to know why Ford is worth more when you buy it... worth more when you sell it!

In this new '53 Ford you'll find not only a new concept of riding and driving comfort... you'll find more of the things you want and need than in any other car in the low-price field.

You'll find the "Go" you need, in Ford's high-compression V-8 and Six engines (and both thrive on regular gas). You'll find the great, all-round visibility... the easy handling, braking and parking you need for today's traffic. And you'll appreciate beauty that "belongs," wherever you may drive. No wonder Ford is the New Standard of the American Road.

## Answer to Previous Puzzle

### Immanuel Parish Annual Meeting Held At Church

The annual congregational meeting of Immanuel Lutheran Church was held Sunday afternoon at 4 at the church, opening with assembly singing of hymns and prayer.

The pastoral report was given by the Rev. Johannes Ringstad and was followed by the secretary's report and reports from various board committees and organizations which were approved. The financial report revealed a good year with funds coming in regularly to pay for the new rest rooms, new heating unit, water heater and other improvements to the church building.

Members of the Church Council named at the meeting are: William Eckmeyer, Robert Thorsen, Harold Walk, Ralph Norquist, Earl Petersen and George Jensen. Arne Andriassen was elected treasurer for one year. Robert Clayton, financial secretary for one year and Peter Meisler, recording secretary, also for one year. Einar Larsen was appointed custodian for one year and Jens Jensen, head usher for one year. Mrs. Gust Johnson will continue to serve as Sunday School superintendent for the remainder of the school year. Gail G. Russell is director of the Senior Choir and Mrs. Lawrence Kidd, director of the Junior Choir.

The parish left to decision of the board the project of repairing and painting the church and also plans to establish an organ fund.

Words of appreciation were spoken and a standing vote of thanks given Mrs. Gust Johnson, Peter Meisler, Norman L. Hansen and Einar Larsen for faithful service during the past year. The meeting closed with prayer, the assembly offering The Lord's Prayer. A pot luck supper was served by the women of the parish during the social hour following the meeting.

### Social-Club

**Priscilla Circle Meeting**  
The Priscilla Circle of Immanuel Lutheran Church will hold its annual meeting Thursday, Jan. 15, at 8 p. m. in the church parlors. Mrs. Norman L. Hansen is hostess. The meeting is open to members and their friends.

**Circle Meeting Tonight**  
The Business and Professional Women's Circle 5 of the First Presbyterian Church will meet at the home of Mrs. Charles J. Byrns, 309 S. 5th St., at 7:30 this evening.

**Bake Sale Friday**  
The Missionary Circle of the Pentecostal Church will sponsor a bake sale Friday at 2 p. m. at the Goodman Drug store.

### 'Knutdagen' Thursday At Bethany Aid

The Ladies' Aid of Bethany Lutheran Church will celebrate "Knutdagen" Thursday at 2:30 p. m. in the church parlors. All those over 70 years of age attending will be special guests at the meeting. A sound color film entitled "Soul of Mercy" will be shown and the Rev. Gustav Lund will lead in singing old Swedish hymns. Hostesses are Mrs. J. M. Bergquist, Mrs. John Miller and Mrs. Fred Bernhardt.

### Daughter Born To Leo F. Knaufs

Mr. and Mrs. Leo F. Knauf of Bark River announce the arrival of their first child, a daughter weighing 7 pounds and 11 ounces, born Jan. 12 at St. Francis Hospital. The baby will be christened Betty Lee. Mrs. Knauf is the former Mary Boyle, daughter of Mr. and Mrs. Henry Boyle of Bark River.

### Calvary Parish Meeting Tonight

**RAPID RIVER**—The Calvary Lutheran congregation of Rapid River will hold its annual meeting this evening at 8 at the church. The Esther Society will serve refreshments following the meeting.

When removing spots with dry-cleaning fluid, always have a pad of cheesecloth or gauze underneath the stain to soak up the moisture and soil as you apply the fluid. Have a soft cloth ready to gently blot up moisture as well. With each fresh application, change the pad underneath.

One quart of milk is needed to make a pound of evaporated milk.

## Racing Engines Invites Trouble

By DAVID J. WILKIE  
Associated Press Auto Editor  
DETROIT (AP)—If you are inclined to race the engine of your car during warm up periods you're inviting trouble.

That was the message of W. E. Jominy, of Chrysler Corp. in a discussion of engine wear and corrosion before today's session of the Society of Automotive Engineers' annual meeting.

Both wear and corrosion are excessive in car engines, Jominy said, whenever water jacket temperatures drop below 140 degrees. Overloading and inadequate lubrication tremendously increase wear, Jominy said, but there are other causes, many of which can be eliminated by proper selection of metals, surface treatments and protective coatings.

J. F. Kunc, Jr. and J. P. Hammer, of the Standard Oil Development Co., Linden, N. J., said automobile engines are subject to both mechanical and chemical wear. They defined chemical wear as metal losses caused by chemical attacks from water and acids.

They said piston rings and cylinders were the auto engine's most critical wearing parts. Wear rate here, they added, depends upon design, operating conditions, rapidity of warm-up, frequency of oil change and fuel quality.

## Suspect In Brutal Slaying Of Detroit Coed Is Released

DETROIT (AP)—Charles Williams, 31-year-old Negro porter who for several days was considered a top suspect in the police investigation of the JoAnn Gillespie slaying, was released late Monday.

Police said Williams was cleared Saturday after a jitney driver told of fighting with him on New Year's Eve.

Williams had mentioned the fight to explain bloody clothing found in his room after his arrest, but until Saturday the alibi was not supported.

Release of Williams left officers without a good lead in their probe of the sex-slaying Jan. 3. The 18-year-old college coed's battered body was found near her East Side home shortly after midnight on that date.

Chief of Detectives Jack Harvill reported that of the 152 persons arrested in the killing, all but five have been released.

## Schoolgirls Protest Ban On Bare Limbs

LOS ANGELES (AP)—The girls of Washington Irving Junior High School have written the board of education asking reconsideration of a rule that prohibits them from going bare-legged.

"After great thought and consideration," read the letter, "we wish to inform you that our school is about the only one in which there is a rule that all girls students must wear socks or nylons. We do not feel that this is right. We would appreciate if you would go into this matter a little deeper."

Ellis A. Jarvis, assistant superintendent for junior high schools, promised to investigate.

## PERFECT ACOUSTICS

The acoustics of the Mormon tabernacle at Salt Lake City, Utah, are so perfect that a pin dropped at one end can be heard at the other end, 250 feet away.

LONG TIME TO WAIT — These youngsters are six months ahead of time, but if they keep their seats, they'll have a fine spot from which to view the coronation procession of Queen Elizabeth II, in June. Stretching into the distance as far as the eye can see, these huge bleachers are being erected along London's Mall.

## Dropping Of Controls Wrong, Says DiSalle

WASHINGTON (AP)—It isn't practical to abolish controls, says Economic Stabilizer Michael V. DiSalle, when a rise of only 1 percent in the cost of living means more than two billion dollars outlay by consumers.

DiSalle, speaking yesterday to the Consumers Advisory Committee of the Office of Price Stabilization, added that a rise of 3 to 4

per cent in defense material costs would increase by a billion dollars the national debt or tax bill.

There is no present indication that the cost of living, taken as a whole, will drop significantly in 1953, said Edmond Kanwit, OPS economist.

The Turkish island of Bozca Ada was the one to which the Greeks withdrew while the Trojans breached the walls of Troy to admit their wooden horse.

## AS WE LIVE

Double Dealing Male Must Make Decision Now

By Elizabeth B. Hurlock, Ph.D.  
When a man breaks up with one girl and then continues to date her while talking about marriage to another girl, both girls are likely to get their fingers burned. That is what is in store for this girl!

(Q) "I'm 19 and my boyfriend

is 23. Before we were going steady he had another girl. He told me he broke with her because she ordered him around. He lives in another town but calls me once a week and comes to see me every other week. This other girl keeps calling him up and asking him to take her out, which he does. He says he doesn't want to hurt her. He talks to me about marriage but says I'll have to keep on working after we are married. What burns me up is while I'm slaving

away here, he's spending his money on her. Should I ask him to make a decision?"

(A) Make him see that he can't have both of you at the same time. If he wants to date another girl while he is away from you, let him know that you have no intention of staying home alone.

Furthermore, let him know that you have no intention of marrying him under the conditions he has outlined to you. It is quite all right for a bride to work to help her husband get established

and to help supply the home with the things they want. But, it is not all right for the bride to make this sacrifice so the man she plans to marry can court another girl.

If he wants to spend his money on another girl, that is his business. But let him know that you have no intentions of going steady with him or considering marriage with him under such conditions. He must choose between the two of you and not play with you both.

As for hurting the other girl,

that is ridiculous. Doesn't he realize that what he is doing is hurting you? No matter how things turn out, one of you will be hurt. He must decide now, once and for all.

## Purchase Of Plow Deferred

Action on purchasing a new city snowplow was deferred at a regular council meeting Monday night until the matter can be given further study.

Two bidders submitted prices on a new side-type plow, one at a price of \$690 less \$200 trade-in allowance on a city-owned V-type plow, and one at a price of \$538.20 without a trade-in consideration.

It also was reported at the meeting that the Schoolcraft County Road Commission has a side-type plow which it will trade on even terms for the city's V-plow.

Further investigation of the county's offer, it was indicated, prompted councilmen to defer purchase action until the next council meeting.

Mayor Vern Linderoth reported that he had appointed Mrs. William A. Corson as a fifth member of a committee to investigate the advisability of adopting a smoke ordinance in the community. Other members are the mayor, City Attorney William Hood, H. Keith Bundy and Alex Creighton.

The committee was requested to submit a preliminary report at the next council session.

The council also authorized the city attorney to attend a traffic court conference in East Lansing Jan. 15, 16 and 17; instructed the city manager to investigate a request for a street light near the Hancock Lumber Company office; and discussed traffic hazards caused by auto transport parking at Lincoln school and illegal car parking near the Oak theater at the end of matinees on Saturdays and Sundays.

## 10 New Couples Join Dance Club Saturday Night

Ten new couples joined the Manistique Square Dance Club Saturday night, bringing total membership to 50 couples, it is announced.

A record group attended the session Saturday, with six sets of square dancers being organized. Alex Creighton called and introduced several new dances.

Lunch was served later, with decorations representing a winter scene. The lunch committee was composed of Mr. and Mrs. Charles Burley, Mr. and Mrs. George Tuffnell and Mr. and Mrs. Vilas Young.

The next meeting will be held Saturday, Jan. 24.

## Obituary

**AXEL VICTORSEN**  
Funeral services for Axel Victorson, who died at Luther Home for the Aged, Marinette, on Jan. 9, were held at Zion Lutheran Church here Monday afternoon, with the Rev. G. A. Herbert officiating.

During services Robert Olson, assistant pastor, sang "Nearer My God," with Mrs. Harry Ahlstrom, church organist, providing the accompaniment.

The body was placed in Lakeview vault and will be interred next spring in Fairview cemetery. Martin Lein, of Marinette, and the Messier-Broullire funeral home, Manistique, were funeral directors in charge of services.

Pallbearers were J. Mauritz Carlson, Scott Creighton, Reuben Larson, Verner Ekstrom, Charles Gustafson and John B. Nessman. Relatives from Minneapolis were here for the services.

## City Briefs

Mr. and Mrs. Joseph Chernesky, 514 Delta Ave., have returned from San Diego, Calif., where they spent a month visiting his mother, Mrs. Dora Chernesky, and his sister, Clara. Both Mrs. Dora Chernesky and her daughter are former residents of Manistique.

Mrs. Ian Winn, 212 S. Maple Ave., has arrived to spend the winter at her home here after visiting for the past three months in Green Bay. She was accompanied by Mr. and Mrs. V. W. Duclon, of Green Bay, who returned after a brief visit here.

Mr. and Mrs. Anton Weber, 220 S. Maple Ave., returned Sunday from Detroit where they were called because of the serious illness of Mrs. Weber's brother, Jerome Redmond, who is a patient at the Veterans Hospital in Dearborn.

Mr. and Mrs. Richard Liston, of Cooks, are the parents of a son born Jan. 9 at the Schoolcraft Memorial Hospital. The infant weighed 7 pounds and 13 ounces.

A daughter, weighing 6 pounds and 6 3/4 ounces, was born Jan. 10 to Mr. and Mrs. Melvin Stoltz, of Germfask, at the Schoolcraft Memorial Hospital.

## Junior Class Will Present Vaudeville Program Tonight

The junior class of Manistique high school is presenting a vaudeville show tonight in the school auditorium, beginning at 8.

Francis Laurion will officiate as master of ceremonies. A full program of entertainment has been arranged.

## Need For Obtaining Public Opinion On Work Camp Stressed

The need for ascertaining further public opinion on the proposed establishment of a prison work camp in the Cooks area was stressed at a regular meeting of the City Council Monday night.

Councilmen suggested that the Top of Lake Michigan Chamber of Commerce, through its secretary, Fred D. Heitman, relate the prison camp story to local service clubs and also contact other citizens and groups to obtain their reaction to the project.

Reports from other communities having such work camps in their immediate vicinities were submitted.

## City Approves Radio Purchase

Purchase of a two-way radio system and a heavy duty generator for the Manistique police patrol car was authorized at a regular meeting of the City Council Monday night.

City Manager H. W. Heideman was instructed to advertise for bids on the equipment.

Decision to make the purchase followed a conference with Sgt. N. H. Modders, commander of the Manistique state police post, who told councilmen that fitting the city radio into the state police system had been approved.

He also explained how the arrangement would operate, answering one important question which had disturbed the council in considering the proposed plan. This involved the period between midnight and 7 a. m. when the state police radio is not in operation.

Modders said that a man is on duty at the post during this "off" period and would answer all incoming telephone calls. Calls for city police during this period would be dispatched via radio to the city patrol car, he said, thereby making quick contact with city officers possible.

At the present time no contact with city officers is possible at night while they are on patrol except by use of a police signal light.

## California Girl Recent Bride Of Donald Harbick

At a ceremony performed in the parsonage of St. Francis de Sales church Miss I. Evelyn Lovelady, daughter of Mr. and Mrs. J. W. Lovelady, of San Francisco, Calif., became the bride of Donald C. Harbick, son of Mr. and Mrs. L. J. Harbick, 508 Arbutus ave. The ceremony was performed Jan. 5 at 11 a. m., by the Rev. F. M. Scherering.

The bride was attired in a gray and blue tulle suit with blue accessories. Her only jewelry was a pearl choker, gift of the groom. She wore a single orchid corsage.

Miss Mary Faketty was bridesmaid. She wore a blue suit with blue accessories and a corsage of pink rose buds.

Bruce Plichta was best man. Mrs. Harbick, the groom's mother, attended the wedding in a gold colored street length dress with black accessories. She wore a corsage of American beauty rose buds.

The wedding breakfast was held following the 8 a. m. mass at the home of the groom's parents for the family and wedding party. Dinner was served at 1 p. m., at the Ossawinamakee Hotel for the wedding party, family and guests. The couple left later for an undisclosed destination.

The bride is a graduate of a San Francisco high school and she also attended business college. The groom is a graduate of Manistique high school, class of 1950, and entered the Marines in March of 1951. He served one year in Korea.

## Decisive Match Scheduled At 9 Tomorrow Night

The first half champion of the Thursday division of the Men's Central League will be determined tomorrow when the two top teams, Royal Crowns and Nick's, clash in the decisive bowling game, scheduled for 9 p. m.

Royal Crowns are leading the Thursday group with 37 points, but Nick's is only one point behind.

Top place in the Tuesday division of the league has been clinched by The Pines with 38 points. Brault's is in second place with 34 points.

First half standings in the two divisions follow:  
Tuesday group—The Pines, 38; Brault's, 34; Garden Corners, 31 1/2; Hewitt Grocery, 27; K-C, 26; Paquette's, 25 1/2; Cooks, 24; York's, 17.  
Thursday group—Royal Crowns, 37; Nick's, 36; Bosch, 31; Drewry's, 23; Rudweiger, 22 1/2; Matt's, 22 1/2; Manistique Tool, 20; Weber's, 18.

Other bowling data of the two leagues follow:  
Tuesday group—HTM—Pines, 2708; HTG—Garden Corners, 958; HIM—J. Williams, 611; HIG—D. Berger, 346; High averages—F. Leica 181; J. Norton 178; H. Barr 175; H. Mickelson 171; N. Weber 168.

Thursday group—HTM—Drewry's, 2700; HTG—Nick's, 968; HIM—G. Grimm, 638; HIG—R. Mattlin, 385; High averages—R. Brault 181; G. Grimm 174; C. Jahn 172; J. Norton 172; C. Riley 172.

ted at the meeting by Mayor Vern C. Linderoth. The reports had been obtained by Chamber Secretary Heitman.

All of the reports, the mayor said, indicated that the work camps met with public approval.

Construction of a work camp on federal land in the Cooks area is contemplated if the community of Manistique is not opposed. Prisoners assigned to the camp, it is reported, would be under strict control and would work on state improvement projects, performing labor which otherwise would not be done.

One project contemplated is the improvement and enlargement of Indian Lake State Park. The present capacity of the park has already been taxed by summer vacation traffic, and the need for enlargement is considered vital. Most of the improvement work, however, will require hand labor, no funds for which have been provided.

Only limited opposition to the work camp has been reported here, it was indicated at the council session, while most civic leaders have expressed themselves in favor of the project.

Only limited opposition to the work camp has been reported here, it was indicated at the council session, while most civic leaders have expressed themselves in favor of the project.

## 70 Attend Dinner Meeting Monday Of Hospital Unit

(By Mrs. Vilas Young)

Seventy members of the Women's Auxiliary of the Schoolcraft Memorial hospital were in attendance at a dinner meeting held Monday evening at the Bethel Baptist church.

The dinner was served by members of the King's Daughters with Mrs. J. Ragnar Carlson as chairman. Mrs. Carlton Hollister gave the table grace.

Mrs. Edwin Crook, auxiliary president, welcomed the members, wished all a successful year and introduced the program numbers.

"A Little Talk with Jesus", a Negro spiritual, was sung by the girl's ensemble composed of Lois Garvin, Dorina Swayer, Marlene Carlson and Carol Swanson, accompanied by Carol Martinson.

Mrs. William L. Norton entertained the members with her dramatic reading of a play, "The Silver Lining", by Constance D'Arcy MacKay. The play, centering around an incident in the life of Fannie Burney, takes place in the 17th century in Chesington. Much amusement was gained by the audience with Mrs. Norton's portrayal of Uncle's change of attitude toward a "bluestocking" who just writes and one who makes 200 pounds in spare moments.

The program was concluded with two accordion numbers, "Beautiful Days", and "Mr. Tony Polka", by Miss Martinson.

During the business session Mrs. Crook announced the appointment of Mrs. Jesse Ray, of Gulliver, to the executive board as a director.

Mrs. Elmer Lundstrom, chairman, reported that the drapery committee needed further time before making its final decisions.

Mrs. Alvin Nelson, as chairman of the jams and jellies committee, stated that she will still receive donations from those who have not as yet made their contributions.

The library committee was allowed money to purchase books for the hospital and at the same time members were urged to save and collect books for the sale.

Mrs. George Schweikert announced that the blanket given by the Manistique Pulp and Paper company had been cleaned by the City Dry Cleaners and Laundry and was ready for making into scarves.

The daffodil bulbs received from Washington last fall have been planted in beds around the hospital. When these bloom members should be reminded of the annual flower show and keep in mind interesting floral arrangements as they plant their own gardens.

Additional members to the auxiliary include Mrs. Omer Dybevik Mrs. Howard LaBar, Mrs. Ed Ekdahl, Mrs. W. L. Norton, Mrs. Clifford Cool, Mrs. Thor Reque, Mrs. William Bowman, Mrs. Everett Cookson and Mrs. LeRoy Winters.

The next meeting will be held in May at the Presbyterian church.

## Two Detroiters Given Probation By Circuit Judge

Morgan Roberts and Robert Clark, Detroit, were placed on probation for two years and ordered to pay costs of \$75 each by Judge Herbert W. Rannels in Circuit Court here yesterday.

The two, charged with stealing a boat in Seney last August, pleaded guilty at their arraignment before Judge Rannels Monday afternoon.

The January term was scheduled to be concluded today. Jurors were ordered dismissed Monday afternoon after a review of the docket revealed that there would be no trial cases.

## Pipe Material Bids Accepted

Bids of James B. Clow and Son, Chicago, and the Traverse City Iron Works for furnishing pipe material for Manistique's water project were accepted by the City Council at a regular meeting Monday night.

Purchase of the material, however, is contingent upon the sale of water department revenue bonds.

The two bids follow:  
James B. Clow and Son, pipe, \$27,586.72; fittings, \$1,995.49.  
Traverse City Iron Works, hydrants, \$461.30; valves, \$2,033.50.

Bids were opened at a meeting in December but action was deferred until a full council was present.

## Social

**Presbyterian Guild**  
The executive board of the Presbyterian Guild met Monday evening at the home of Mrs. Fred S. Case II, Arbutus Ave.

During the business meeting plans were discussed for the coming year.

Those attending were Mrs. Nick Modders, Mrs. Harold Winkel, Mrs. Harold Snyder, Mrs. Dallas Creeger and Mrs. Ian McKilligan. Lunch was served at the close of the meeting by Mrs. Joseph L. Paul and Mrs. Case.

## Blessed Martins Circle

The regular meeting of the Blessed Martins Circle was held Monday evening at the home of Mrs. L. E. Hambeau, 608 Manistique Ave.

Following the business meeting canasta was played with prizes being awarded to Mrs. Louise Zucca and Mrs. Arthur Hough.

Lunch was served later. The next meeting will be held Feb. 2 at the home of Mrs. George Huber, 211 S. Cedar St.

## Legion Auxiliary

The American Legion Auxiliary held its regular meeting in the club rooms Monday evening with Mrs. William Barker, Mrs. Eva Besner, Mrs. Ellen Powers and Mrs. Jake Weber as hostesses.

Approximately 15 members of the newly organized drum and bugle corp provided the entertainment for the evening.

Cards were played later with prizes going to Mrs. Anton Weber in canasta; Mrs. Oscar Linden in 500; and Mrs. Earl Malloch Sr. in buncos.

Lunch was served at the close of the evening.

The next meeting will be held Jan. 26 in the club rooms with Mrs. E. J. Doyle, Mrs. Leon Wood, Mrs. Clara Whitman and Mrs. George Huber as hostesses.

## Famous Piano Trio To Present Concert Here On February 3

A nationally famous piano trio will present a concert in the Manistique high school auditorium on Tuesday evening, Feb. 3, it is announced by Carl Olson, principal.

The three musicians perform on three Steinway Grand pianos which are brought with them. Further details of the concert will be announced later.

Mrs. Kathryn Barr, N. Maple Ave., is a patient at the Schoolcraft Memorial Hospital.

## Briefly Told

**Religious Services**—The First Methodist Church will hold religious services at the Cloverland Lodge tonight at 7:15.

**Choir Practice**—The Choir of the Bethel Baptist Church will meet in the church tonight at 8:30 for practice.

**Altar Guild**—The Altar Guild of St. Alban's Episcopal Church will meet in the church tonight at 7:45. Mrs. Howard Holland will be present to give instructions.

**Otto Sisters**—The Otto Sisters Circle of the Women's Society of Christian Service of the First Methodist Church will meet at the home of Mrs. Emery Rieckhoff, 440 Delta Ave., tonight at 8. All members are asked to attend.

**PTA Meeting**—The Junior-Senior high school PTA will meet Tuesday evening, Jan. 27, in the high school auditorium. An interesting program under the direction of Marvin Frederickson and refreshments by tenth grade mothers will be included.

**Couples Fellowship**—The Couples Fellowship of the Bethel Baptist Church will meet in the church Thursday at 8 p. m. The refreshment committee consists of Mr. and Mrs. Elwyn Anderson and Mr. and Mrs. Neely Schnurer. A good attendance is desired.

## Elks Plan Series Of Benefit Parties For March Of Dimes

First of a series of Elks March of Dimes benefit parties will be held Saturday night, Jan. 17, it is announced.

Plans for the event were made at a committee meeting Monday. The party, scheduled for 8 p. m., will include mixed bowling, canasta, bridge, 500, dancing and lunch. Prizes also will be awarded.

Lunch, to be served by the county polio committee, will feature barbecued hamburgers, relishes, home-made cake and coffee.

All Elks and their non-resident guests are invited.

## Telephone Pole Only Victim In Accident

A telephone pole was the only victim of an auto accident at 11 a. m. Monday at the intersection of M-149 and old US-2, a short distance east of the U and I Club.

A delivery truck driven by Charles H. Gauthier, 218 Lake St., skidded at the intersection, crashing into the pole. The truck was reported undamaged by state police.

Gauthier was traveling north on M-149 and his vehicle skidded at the road junction.

## Aged Local Man Dies Tuesday

Charles Paradise, 80, 716 Manistique Ave., passed away Tuesday at 11:30 a. m. at the Schoolcraft Memorial Hospital. He had been ill for 1 1/2 years.

He was born Jan. 26, 1872, in Canada. He spent most of his life in the Manistique area and had lived in Manistique since 1917. During his active years he was a blacksmith.

He married Miss Hattie Vincent in Cooks in 1900. She passed away in 1918.

He was a member of St. Francis de Sales Church.

He is survived by one son, Orville, of Manistique; four daughters, Mrs. Dale (Stella) Weldon, of Greenville, Mrs. Stanley (Merle) McCauley, of Muskegon, and Mrs. Fred (Lillian) St. John and Mrs. Maude Carefelle, of Manistique; 22 grandchildren and six great grandchildren.

Funeral services will be held from St. Francis de Sales Church Friday at 8 a. m. The body will be taken to the Lakeview cemetery vault and will be buried in the spring in the family lot at Fairview cemetery under the direction of Messier-Broullire Funeral Home.

Friends may call this evening, beginning at 7:30, at 716 Manistique Ave. The rosary will be recited there at 8:30 p. m. Thursday.

## Plans For Rally Program Outlined At Leaders' Meet

Leaders and assistants of nine troops attended a meeting of the Manistique Girl Scout Leaders Association Monday evening at the State Savings Bank conference room.

During the session Mrs. Richard Foley volunteered to serve with Mrs. Dourward LaVance as a leaders' representative on the Girl Scout Council.

Mrs. James H. Fyvie requested each leader to work with her troop on specific numbers to be presented at the annual rally. Various numbers will be organized into a rally program at the next regular meeting of the leaders group, slated for Monday, March 9.

cited there at 8:30 p. m. Thursday.

## New Map Of Canada To Be Published

OTTAWA, Canada (AP)—A new map of Canada, the first new one in 22 years, will soon be rolling off the presses giving an up-to-date topographical picture of the country from the 49th parallel to the North Pole.

Newfoundland which joined the confederation in 1949, gets on the map as part of Canada for the first time. New islands, lakes, rivers and towns previously unknown or even unknown, will be on the map. The 36-inch square map will have some 7,000 place names. The only roads shown will be those in the north and the Alaska Highway and the Mackenzie Highway.

## Boys Play Polo With Trucks In Coal Yard

CLEVELAND (AP)—Two 14-year-old boys had an afternoon of expensive amusement playing polo with coal trucks inside the yard of the Fahrland Fuel Co., in Brookside Park.

Police were called by a witness who saw the boys colliding with each other in separate trucks.

Authorities said a total of seven trucks had been damaged. Most of the vehicles' fronts had been bashed in. One truck was saved by two oak trees from going into a creek. Another was driven half-way up a huge pile of coal. Damage was estimated at more than \$500.

# Eskymos Finish Fast, Clip Eagles By 60-44

The Escanaba Eskymos broke Stephenson's deliberate ball game wide open in the final period here last night and raced off to a 60-44 victory to climb over the 500 mark for the season.

Coach Walt Schousen's Eagles threatened throughout the first three quarters of play, although they trailed on the scoreboard most of the time. Only at one point were the Eagles able to pull up into a tie with Escanaba. Midway in the third period Stephenson's Mickey Burke scored a field goal to knot the score at 35-35.

Dick Peterson, big Eskymo front court star, dimmed Stephenson's hopes at that stage of the game with four straight field goals to send the Escanaba quint

on its way. The Eagles were never in contention after that.

**Take Early Lead**  
The game opened on a slow note with Eskymo Fred Boddy pacing Coach Burt Gustafson's cagers in the early minutes. Boddy scored seven points as Escanaba took a 10-7 first period lead.

The Eskymos stepped up the pace in the second quarter in which reserves Arni Dunathan and Bill McGovern saw action along with starters Peterson, Boddy, John Peterson, Paul Davidson and Pat McDonough.

Davidson, in his first starting role for the Eskymos, contributed heavily to the Escanaba victory. Rough under the baskets, Davidson pulled down his share of rebounds and also contributed eight points in the scoring column.

At the half-way mark Escanaba sported a 30-25 lead. Stephenson's big bid came early in the third period, although the Eagles lost starter Stan Luczkowski in the first minute of action.

**Boddy Scores 22**  
But with Dick Peterson coming through in the closing minutes of the third frame and the opening minutes of the final the Eskymos wrapped up their fourth win in seven starts.

Boddy, who alternated at center and guard, capped scoring honors with 22 points. Dick Peterson, who fouled out of action with a minute remaining, followed in the Eskymo scoring column with 11.

The Eagles, who used an effective screen and roll-off through most of the game, were led by forwards Bob Melchior and Tom Kakuk who hit for 13 points apiece. Melchior fouled out with two and a half minutes to play.

Escanaba will return to action Friday night in a host role to the Menominee Maroons.

In the preliminary game last night Coach Joe Milokna's Escanaba reserves scored a 43-21 decision over the Stephenson junior varsity team coached by George Endres.

**Box score:**  
Escanaba FG FT PF TP Davidson 4 0 2 8 J. Peterson 3 1 4 7 D. Peterson 5 1 5 11 Boddy 10 2 0 22 McDonough 2 3 4 7 McGovern 0 2 0 2 Dunathan 1 0 4 2 Gregoire 0 1 0 1 Michael 0 0 0 0 Totals 25 10 19 60

**By quarters:**  
Escanaba 10 20 11 19—60  
Stephenson 7 18 11 8—44

**Officials:** Norman Slough, Rapid River; Stan Sosnowski, Marquette.

## Football Rules Men Vote Today On Substitution

ST. PETERSBURG, Fla. (AP)—The football rules committee of the National Collegiate Athletic Association will decide today whether to clamp restrictions on the two-platoon system.

The controversial free substitution rule, which revolutionized college football in 1941, was the subject of vigorous discussions in the closed-door committee meetings Monday and Tuesday.

Secretary R. E. Wieman, University of Denver athletic director, said "we reached a tentative solution" but he declined to elaborate pending a final vote today.

College football coaches voted in favor of retaining the current rule, which permits unlimited substitutions any time the clock is stopped.

Many college presidents and administrators think, however, that the cost of maintaining the present big squads and coaching staffs is too high.

The NCAA council last week recommended killing the two-platoon system with its offensive and defensive specialists.

The committee also will vote today on whether to take steps to end the so called "sucker shift"—a play designed to draw the opposition offside in scoring territory where the five-yard penalty can have a disastrous effect.

## Basketball

### CITY LEAGUE Schedule

Thursday night at Junior High: 7:15—Al's Tavern vs. Paper Mill; 8:15—Gladstone Marble Arms vs. Harnischfeger.

9:15—Skinny's Bar practice. One more team is needed for the city league, because with an odd number of teams, one bye occurs in every round. For this week, Skinny's Bar drew the bye.

**STANDINGS**  
Team W L Harnischfeger 3 0 Skinny's Bar 1 0 Al's Tavern 2 1 Gladstone 1 2 Paper Mill 0 4

## LaSalle Invades Midwest With Pair Of Cage Gripes

CHICAGO (AP)—LaSalle College, No. 3 in The Associated Press national basketball poll, invades the Chicago Stadium Saturday night with an axe to grind against the Midwest on two scores.

La Salle will be seeking to avenge its only defeat in 15 starts when it faces De Paul's blue demons who handed the Explorers from Philadelphia a 63-61 setback at New York last month.

But there's something else ranking.

**"Midwest Block"**  
"How do you crack that mid-western block voting for Kansas State as the nation's top team?" (in the AP poll) snapped La Salle Coach Ken Loeffler.

The inference was that Seton Hall, ranked No. 2 and La Salle deserved rating over the K-staters who have won eight of nine starts.

La Salle's only other excursions against teams from the Midwest resulted in a 73-64 overtime victory over Dayton and an 86-81 verdict over Cincinnati.

In its first 15 starts, De Paul bowed four times—to Oklahoma A. & M., Manhattan, St. Louis and Bradley. La Salle beat Manhattan 63-52 in Madison Square Garden Tuesday night.

**Highest Score**  
The Blue Demons went on a scoring rampage Tuesday night and piled up their highest score in history in walloping Quincy (Ill.) College, 103 to 85.

Saturday's night's twin bill, which includes a Loyola vs. Bradley contest, launches a program of six collegiate double-headers at the stadium.

Loeffler told Chicago basketball writers, "We weren't shooting well and De Paul was hitting extremely well from the outside when we played at New York."

De Paul Coach Ray Meyer conceded that the La Salle should be ranked as the nation's No. 1 team and that the Explorers' 6-6 Tom Gola is the best sophomore player he had ever seen.

**Davey Scores KO In Warmup Match**  
TOLEDO, O. (AP)—Chuck Davey, warming up for his welterweight championship bout with Kid Gavilan, last night knocked out Johnny Williams of New York.

Davey, a former NCAA champion at Michigan State College, put Williams away with a left to the jaw at 1:48 of the seventh round. The bout at the Toledo Arena was a scheduled ten rounder.

Davey led all the way using a strong right mixed with jabs and hooks.

The welterweight contender weighed in at 149 for his 39th profit without a loss. Williams weighed in at 143½.

Davey will fight Gavilan Feb. 11 at Chicago.

**Gavilan Scores Easy Win In Tuneup Bout**  
TAMPA, Fla. (AP)—Kid Gavilan, the welterweight boxing champion, won an easy decision Tuesday night over Aman Peck. Gavilan danced and clowned and never tried to knock out the little known Tampa boxer.

The scrap was one of Gavilan's two warmups for his title match with Chuck Davey in Chicago, Feb. 11. He has a fight in Washington Jan. 22 with Vic Cardelli.

Bobby Davis, star player for the Rochester Royals in the NBA, once won the Pennsylvania State Marble Championship. He was 11 years old at the time.

**ESCANABA HAWKS**—The majority of players of the 1952 Escanaba Hawk squad, pictured above, are still carrying the lead in the current bid for Northern Michigan Hockey league honors. They'll be seen in action here tonight when the Hawks tangle with the Calumet Radars. Uncle Sam has taken three of the above players into military service, namely Guy Poce, of Virginia, Minn.; Rusty Hiltunen, of Escanaba, and Les Young, of Gladstone. Jerry Tagliabracci is at his home in the Canadian Soo, and John Cortopassi has hung up his skates. Front row, left to right, are Ed Broughton, Manistique; Tagliabracci, Poce, Gonlie, Ben Artwich of Stambaugh, Hiltunen and Neil Sinclair of Gladstone. Top row, left to right, are Coach Mark Olson, George Petaja, Joe Ricci, Ted Olson, Cortopassi, Lolly Rose and Young. (Escanaba Press Photo)

league shutout this season over Calumet, having blanked the Radars 3-0 on Copper Country ice in the only previous meeting of the teams. Calumet will not only be seeking revenge for that whitewashing but will also be attempting to rebound from a 6-2 defeat from Portage Lake in its last start.

The Radars have had a tough time getting started this year. Their lone victory in seven games came Jan. 1 over Marquette in a high-scoring 7-5 affair. Three of their six defeats have been suffered at the hands of the Pioneers.

Ice at the 'indoor rink' is reported in good shape and workmen have moved out the south-end wall 18 inches to eliminate melting due to warmth seeping in from the lobby.

Fans will see the new seating arrangements at the indoor rink for the first time. New permanent bleachers have been installed in two sections on the east side of the rink, affording better visibility and more seating space.

Faceoff time will be at 8:15 EST.

**Blanked Radars**  
The Hawks boast the only Gulliver Gets 43-40 Victory Over Guards

MANISTIQUE—Gulliver nipped the National Guard quint in a 43-40 City League game here last night protecting a 30-29 third quarter lead with 13 points in the final period.

J. Rodgers led the winners with a dozen points but Welch of National Guard took scoring honors for the night with 14.

**FIGHTS LAST NIGHT**  
Tampa, Fla.—Kid Gavilan, 150, Havana, outpointed Aman Peck, 151, Tampa, 10. Non-title.

Toledo, Ohio—Chuck Davey, 149, East Lansing, Mich., knocked out Johnny Williams, 143½, New York, 7. Los Angeles—Billy Pearce, 118, Philadelphia, outpointed Tommy Umeda, 120, Honolulu, 10.

White Plains, N. Y.—Earl Hilton, 127, Philadelphia, outpointed Bill Bossio, 127, Pittsburgh, 8.

High averages—V. Myers 170, R. Garver 167, C. Johnson 165, M. Garrard 162, E. Hengesh 160.

**Mikan Leads West To Win Over East**  
FORT WAYNE, Ind. (AP)—George Mikan still is "Mr. Basketball" when he puts his mind to it.

The 240-pound Minneapolis lawyer put his mind to it Tuesday night in the third annual National Basketball Association all-star game and was the main reason the West beat the East for the first time, 79-75.

Big George (6 feet 10) dominated the game before a record crowd of 10,322 in Fort Wayne's new coliseum. Newsmen voted him the most valuable player of the contest after he took rebounds off both backboards and led both teams with 22 points.

Easy Ed Macauley topped the eastern scoring with 18 points. Bobby Davies of Rochester was the game's outstanding spot performer. He hadn't scored a point

when the East was leading 64-63 with five minutes to play. Then he made eight straight for the West on three fielders and two free throws. The East never recovered.

Shortly before the game, the NBA board of governors announced the league will continue as a 10-team circuit at least until Feb. 1.

Indianapolis, worst off of a league minority having financial trouble, will be given assistance from the NBA treasury to cover its current expenses.

The board also set up a pair of double-headers at Indianapolis this month in hope of fattening the thin attendance there. The cards will be Boston versus Indianapolis and Minneapolis versus Milwaukee Jan. 23, and Syracuse versus Indianapolis and Boston versus Milwaukee Jan. 27.

## Powers Sets Scoring Record In 85 To 52 Win Over Florence

**POWERS**—The Powers Tigers smashed all school scoring records last night at Florence, Wis., defeating the Bobcats by an 85-52 margin.

Sophomore center Jim Sargent led the Tigers to their all-time point production with 28 points scored in three quarters of action. He hit for 10 buckets and eight free throws. Forward Ray Wells clicked for 23.

The victory boosted Powers back up into a tie for first place with Felch at the head of the Little Seven Conference standings. Coach Irv Soderlund's quint has won five and lost one in league play.

Powers opened with a blistering 24-point first period, scored 22 in the second frame, 17 in the third and 22 in the final. The Tigers led 46-24 at halftime and all ten cagers on the squad saw action.

In the preliminary game the Florence juniors won a 37-34 overtime victory.

Powers will face Rapid River in a home stand Friday night.

**Box score:**

Powers	FG	FT	PF	TP
John Henderson	6	1	0	13
Ray Wells	9	5	2	23

## In This Corner With Ray Crandall

Although Chuck Davey will be unable to attend the Upper Peninsula Golden Gloves tournament here on Feb. 2-3 because of his date with Kid Gavilan Feb. 11, he sent his well-wishes to the Escanaba Lions and the tournament... Davey, who scored a knockout in a tuneup bout last night, will meet Gavilan for the world welterweight championship in Chicago... A number of fight fans from Escanaba plan to take in the bout.

.....  
Contacted through an associate with the proposal of refereeing the GG tourney here, Davey's reply ran: "Because of the championship bout with Gavilan on the 11th I am sorry that I will not be able to take part in your tournament... I would be most happy to cooperate with the Lions Club in any way possible at another date... Best luck to your Golden Gloves tournament." The message was passed on by George Makris, Davey's boxing coach while at Michigan State College.

.....  
Ishpeming, a perennial Upper Peninsula cage powerhouse, was overlooked in the recent weekly Detroit Free Press high school basketball ratings... The paper snubbed the Hematites despite the fact they had already disposed of four straight opponents and again appear to be the class of the B ranks in the U. P. ... Northern Michigan teams fared little better in the Class D standings... Pickford, undefeated in six starts, occupied fifth place while Gwinn was in ninth with a 4-1 record.

.....  
In spite of a so-so record, the Sault Ste. Marie Indians continue to shatter hockey attendance records in the Lock City... On a recent weekend the Indians played before approximately 7,000 fans in a pair of games.

## 17 First Year Men Will Go To Training Camp

# Tigers Will Count On Kids

By JOE REICHLER

NEW YORK (AP)—Manager Fred Hutchinson of the Detroit Tigers' first tail-end team in American League history is counting on kids to put new bounce into the basement Bengals.

Hutchinson, who succeeded Red Rolfe at the Tiger helm last summer, is confident he will have an improved club and says it is not out of the realm of possibility that his Tigers will finish as high as third.

"In the last couple of years we have gone from second to fifth to eighth," he said. "Nobody said that could happen. But it did. Why can't we move up as fast. Take the Yankees and Indians out, and there is little to choose between the rest of the teams."

### Only 11 Repeaters

One accusation that can't be hurled at Hutchinson is that he has stood pat, a charge leveled against previous Tiger managers.

until Rolfe made that gigantic nine-man deal last June. There will be only 11 repeaters on his spring training squad at Lakeland, Fla. Of the new faces, 17 will be first year men.

The apple of Hutch's eye is the youngster who is expected to lead the Tigers out of the jungle is Harvey Kuenn, a 22-year-old shortstop who only a year ago was dying for dear old Wisconsin U. A tall, rangy lad, Kuenn was presented with a \$50,000 bonus upon his graduation last June and as far as Detroit officials are concerned, it was the best bargain they ever got. After pummeling Three - Eye (Class B) League pitching for a .340 average in 73 games, the collegian moved up to Detroit in September as the regular shortstop and picked right up where he left off. He banged away at a .325 clip and improved the field. He's listed as the regular shortstop for 1953. He has a 4-f classification in the draft because of a football knee injury.

**High Praise**  
"Kuenn has sold me on his future as a sound hitter," said Hutchinson. "He's a smart kid and I look for him to become a real good ball player, one of the best."

The Tigers are going to have a brand new outfield in 1953. Gone are Vic Wertz, Hoot Evers and

Johnny Groth, hailed as the best picket line in baseball only two years ago. In their places will be Bob Nieman, recently acquired from the St. Louis Browns; and a quartet of rookies headed by a couple of minor league home run kings, Frank Carswell and Rufus (Jake) Crawford.

Carswell, getting a belated opportunity at 33, was the batting terror of the International League in 1952. He led in batting with .344, home runs with 30, runs batted in with 101, and practically every other slugging department. The Buffalo graduate left his speed in the North Pacific. His arm is ordinary but he is still considered a good, glove man.

**Say Rookie Is Ready**  
Crawford, at 24, is rated a real chance. The tall Missourian came from the Browns in a \$150,000 deal as a last fall involving Cliff Mages and Neil Berry. Experts say he is ready for the big leagues. His batting mark at Scranton last year was only .288, but he topped the Eastern League with 27 homers and 93 runs batted in.

Johnny Bucha, acquired from Rochester in the winter draft, and J. W. Porter, obtained from the Browns, will be granted a shot chance to beat out Matt Batts and Joe Ginsberg as top catchers. Bucha, a durable workman, was

the outstanding receiver in the International League last year. He hit .284 catching practically every day.

Porter won't be 20 until Saturday, but already he's been earmarked for greatness. The kid is the big reason Detroit was willing to part with Groth and Vir Trucks. He spent most of last season with Colorado Springs where he batted .340.

**Two Mound Prospects**  
Hal Erickson, 32-year-old right-hander, and Milt Jordan, nine years his junior, appear to be the best of the freshman hurlers. Erickson won 20 at Dallas and Jordan copped 12 at Buffalo. Both are regarded as relief specialists. They will find the Tiger bullpen gate wide open.

Other newcomers include Russ Sullivan, who showed power in a fast September finish and is favored to win the regular right field berth; Eddie Kazzak, a .315 hitting third baseman at Buffalo who once played with the St. Louis Cardinals; outfielders Bill Tuttle, 292 at Buffalo, Don Lund, 302 at Buffalo, Carl Linhart released from service; pitchers Paul Foytack 4-5 at Williamsport and Dick Marlowe 10-10 at Buffalo. Marlowe hurled a perfect game against Baltimore last Aug. 15, not allowing a single batter to reach base.

## Battle Over Site For Heavyweight Title Go

By MURRAY ROSE

NEW YORK (AP)—Boxing's new Board of Review gets its first case one of the oldest problems in boxing: where to have the heavyweight championship bout.

The days-old board, set up by the New York State Athletic Commission and the National Boxing Association, will attempt to settle a disagreement which threatens to block plans for heavyweight Champion Rocky Marciano's April 10 return bout with former Champ Jersey Joe Walcott.

Promoter Jim Norris, president of the International Boxing Club, wants the fight in Chicago. No Chicago, no fight, is the way he put it.

**Wants Bigger Spot**  
But Felix Bocchicchio, Walcott's manager, insisted that the scrap be in Atlantic City's Convention Hall, (46,000) seating capacity or the Miami Orange Bowl (75,000). He contended the Chicago Stadium's 26,000 seats were not enough.

When the argument reached this point, the New York-NBA board took over and called for Norris and Bocchicchio to produce contracts at a Friday morning meeting here.

"We want to take a look at the contracts and see if we can't straighten this matter out," said George Barton, president of the NBA. He forms the board with Bob Christenberry, chairman of the New York commission, and Commissioner Abe Greene of the NBA.

Norris was nettled over the stumbling block. He had expected to announce yesterday that the fight was all set.

"If Felix wants the fight indoors, it will have to be in Chicago," said Norris. "He had it all his way for the first in Philadelphia. Now it's my turn."

**Mostly Bluff?**  
"We're agreed on all terms except for the site," the promoter added. "Al Weill (manager of Merciano) has agreed to Chicago. We can gross \$860,000 there with an extra \$250,000 to \$300,000 for television. We could block out Chicago and Milwaukee. Where can we do any better financially?"

Asked what he thought the outcome would be, Norris said, "I believe Felix is bluffing. He'll go to Chicago."

That was the general opinion of most observers. Bocchicchio is fully aware that he no longer has the champion and that he no longer can dictate terms.

Annie Weinmeister, star tackle of the New York Giants, was a sergeant in the field artillery during World War II.

He started 1952 more like the Slaughter of old, and by the first part of July was slamming the ball at a .315 clip. The fans voted him on the National League's team for the annual All-Star game. Slaughter finished the season with a .300 average.

It was his second best season in the big time, and in 140 games Slaughter—who owns a jewelry store in Belleville, Ill.—hit 17 doubles, 12 triples, 11 home runs, and drove in 101 runs.

## Plan Night School For Detroit Tigers

DETROIT (AP)—Bat and glove work in the daytime; brain work at night. That's the program Manager Fred Hutchinson has cut out for the Detroit Tigers at their Florida spring training camp this year.

"It will take a lot of work to weed the club into a unit," he explained to general manager Charlie Gehringer yesterday, "so I'm planning a day and night program."

Hutchinson said night school attendance would be mandatory.

**More To It**  
"I'm convinced," he said, "that there is more to baseball than playing it. That's why we'll have our night time skull sessions."

Hutch, starting his first full season as manager, said the Detroit club "probably is the greenest team in the game as far as major league experience is concerned."

He said he also plans to simulate actual game conditions as much as possible at the Lakeland camp. The automatic pitching machine will be cast aside and a regular infield and half a dozen outfielders will field the balls in batting practice.

**Good Chance**  
Hutch told Gehringer that he figures the Tigers have a good chance of moving all the way up the standings from last place, where they finished last season, to third. He said he counted New York and Cleveland in the two top spots.

All 1953 Tiger player contracts have been mailed out. Only four men, besides Hutchinson himself have signed. They are Coach Bob Swift, Al Federoff, Bill Wright and Steve Souchock.

Dizzy Trout, who will assist Van Patrick in broadcasting and telecasting Tiger games, said he plans to work out with the club in Florida.

Trainer Willie Molter is seeking his fourth championship as the nation's leading trainer. He won the honor three straight years beginning with 1947.

## District Scout Meet Thursday

A Red Buck District committee meeting to which all Scouters of the district are invited is to be held in the dining room of the Lincoln Hotel Thursday evening. Dinner will be served at 6:30.

Between 25 and 30 Scouters from Delta, Schoolcraft and the northern part of Menominee counties are expected to be present. Reservations may be made by phoning Escanaba 1936 or Gladstone 9-4231.

District Chairman Dan Phalen, Nahma, will preside at the session.

1953 goals for the district in Scouting will be set at the gathering. This is part of a three year program, now in its second year. There will be a presentation on Explorer Scouting by Scout Executive Andy Huston, Escanaba; Glenford S. Leonard, Escanaba, district commissioner, will provide a picture on membership and advancement in his commissioner's report, and Oscar Ohman, Gladstone, will report on the development of Camp Red Buck.

## Vic Stock Cops Smear Play Lead

Victor Stock grabbed off the lead in the Holy Name smear tournament with a total of 154 for the two rounds played thus far in the second half. Close behind are Andy Vargo with 149, Albert Wilmette with 144 and Roy LaCosse with 142.

Other scores are Maurice Lierman 139, Barney DeHooghe 135, Phil Richel 134, Andy Valencic 132, Louis Frantz 122, Clyde Alworden 111, Louis LaCombe 109, Harvey Gardner 107, Albert Willette 107, Ed Marshall 104, Ed LeRoux 103, August Boden 102, Isadore Creten 102, Rene Maskart 101, Fritz Esler 99, D. Zierke 96, Julius Reubens 79 and Martin Cassells 63.

Lierman had 75 for the evening's high while Boden's crew, first half champs, were low with 35.

## Indians Seek Tilt With Stambaugh

Arrangements are now in progress for a return game with Stambaugh on the local ice this Sunday, according to Gordon Haga, manager of the Gladstone Indians.

The local hockey sextet, playing its first game after getting off to a late start this season, lost to the more experienced Stambaugh crew, 7-1, last Sunday.

Herman LaFave, spare on the local aggregation, scored the only Indian goal in the second period. W. Bond was the big gun in the Stambaugh offense, getting four of the seven goals.

In the Indian lineup were Mileski, Johnson, Forvilly, Rajala, Rose, Bizeau with Ward, Haga, Stock, Berg, Gereau, LaFave, Sundalius, Smith and Rivers as spares.

A two-hour practice session was held last night and another session is planned for Thursday evening.

## Debate Season Proves Success

Gladstone high school debaters didn't fare too well in the tournament at Marquette last weekend, winning only one argument, but the overall picture for the season was different.

The affirmative team composed of Wilfred VanDresse and Bob Quarstrom lost to both Ironwood and Manistique, the tourney finalists, while the negative team composed of Jerry Gagner and Don Brewer won from Baraga and lost to Norway.

However, the squad finished the season with a 8-8 mark, which is good considering it is the first debate work done here in five years.

Johan Lash accompanied the squad to Marquette as an alternate.

Leonard Nevendorp is the debate coach.

## Robin Seen Near Gladstone Home

Sault Ste. Marie has nothing on Gladstone.

According to an Associated Press report northbound ducks were reported seen at the Lock City along with geese.

Here Mrs. Gus Dehlin reports seeing a robin, ordinarily a harbinger of spring, busily engaged looking for food in their yard Tuesday.

### City Briefs

Mrs. George Stecker has returned to her home in Barron, Wis., after attending funeral services for Milton Hendrickson. While here, Mrs. Stecker was a guest at the Walter Baldwin home and she also visited in Escanaba. Mrs. Stecker is a former Gladstone resident.

Mrs. John Lancour of Lincoln Park, Mich., is visiting with her sister, Mrs. Isaac Balenger and family and with her father, Henry Beauchamp who is a patient at St. Francis Hospital, Escanaba.

Mr. and Mrs. Donald Kennedy, Los Angeles, arrived Tuesday night to visit Donald's parents.

### Obituary

Funeral services for Mrs. August Peterson will be held at 2 p. m. Friday at the Skradski Funeral Home with the Rev. Clifford Peterson officiating. Burial will be in Fernwood Cemetery. Friends may call at the Skradski Funeral Home beginning at 7 this evening.

## City Planning Survey Of Electric Problem

In order to obtain additional expert advice as to the best solution to Gladstone's electrical problem, the City Commission in regular meeting Monday night decided to seek the assistance of an electrical

engineering firm in making a study of the matter.

Several of the firms are to be contacted in order to procure bids on the survey.

The City of Escanaba had a similar survey conducted in 1950. Purchase of a fluorination machine from the Omega Machine Co., of Wilmette, Ill., at a cost of \$2660.00 was approved.

Placing of fluorides in the local water supply in a program designed to cut the number of dental cases locally was approved sometime ago and prices on equipment have been sought since.

Delivery will take between 3 and 4 months, City Manager Henrikson states.

Extension of the deadline for payment of taxes to Feb. 16 at 5 p. m. was approved by the commission.

Maintenance of the Buckeye ice rink and the lighting of the surface was also approved.

### Briefly Told

**Prayer Service**—A prayer and praise service is to be held in the First Baptist Church this evening at 7:30.

**Membership Class**—The membership class of the Methodist Church is to meet Thursday at 4 in the church parlors.

**Prayer Service**—The regular weekly prayer service will be held at 7:30 tonight at the Reorganized Latter Day Saints Church.

**Co-Hi Group**—A business meeting of the Co-Hi group of the Mission Covenant Church is to be held at the church at 7:30 Thursday evening.

**Ladies' Aid**—The Ladies' Aid society of the First Baptist Church is to meet Thursday at 2:30 at the church parlors. Mrs. Iver Ogren is to be the hostess.

**Ladies' Aid**—The Ladies' Aid society of St. Paul's Lutheran Church will meet Thursday afternoon at 2:30 in the church parlors. Mrs. Eldor Miller is to be the hostess.

**Service Guild**—The Evening Service Guild of the Methodist Church will meet at the home of Mrs. Donald Grenfell, 217 S. 10th St., Thursday evening at 8. Mrs. James Rattray is to be assisting hostess.

**Brotherhood**—The Brotherhood of the First Lutheran Church is meeting Thursday evening at 8 at the church. Charles Burton, city, will present a talk on his experiences in Alaska some years ago. Lunch will be served at the close of the meeting. All members and friends are invited.

## Pope Pius Names 24 Church Prelates To College Of Cardinals

By FRANK BRUTTO

VATICAN CITY —Pope Pius XII elevated 24 prelates of the Roman Catholic church to its College of Cardinals in a secret consistory opening four days of sacred rites here.

Other cardinals silently bowed their heads in agreement and homage to their sovereign Pontiff as the Pope announced his choices at a meeting of the college in the 100-foot-long marbled Consistorial Hall, the largest chamber of the Pope's Vatican apartment.

### Up To Full Quota

The historic act brought the enrollment of the college—the church's senate—to its full quota of 70 cardinals for the first time in nearly 200 years.

The new cardinals include the first wearer of the red hat from the United States' Far West, James Francis McIntyre, archbishop of Los Angeles; and two primates of Communist-ruled countries where the Catholic church is under bitter attack.

The latter are Archbishop Aloisio Stepinac, "conditionally" freed from jail in Yugoslavia a year ago, and Archbishop Stefan Wyszynski of Poland. Neither is in Rome for the official notification that they have been made princes of the church.

The secret consistory was the first of a series of ancient and sacred rites in connection with the elevation of the new cardinals. They will culminate Thursday in a great and colorful public consistory at St. Peter's, at which the Pontiff will confer on the new church princes their galeros, or red hats.

### Eminent Men Lost

The Pope officially made known his nominations in an address during which he recalled that seven years had passed since the post-war consistory of 1946. At that time he named 32 cardinals—the highest number elevated at one time in the history of the church.

Since then, he said, the college had suffered grave losses of eminent men.

The Pope said he was moved to create new cardinals not only to bring the college to its full complement but also by a desire to reward those who had "distinguished themselves in our eyes by their active and prudent conduct and notably contributed to the Christian religion."

Immediately after the Pope announced his nominations and the college nodded assent, messengers working in four teams sped to bring the glad news to 16 of the new cardinals waiting in various Roman seminaries.

### Friends Applaud

In addition to Stepinac and Wyszynski, six others are absent. Four—the apostolic nuncios to Italy, Spain, Portugal and France—will receive their notifications from the Italian, Spanish, Portuguese and French heads of state. Two new Spanish cardinals also will be notified by Generalissimo Francisco Franco.

Cardinal McIntyre received his "biglietto" of notification at the historic North American Pontifical College, on Rome's Humility Street. A large throng of friends and fellow clergy applauded as he opened the big white envelope and read the message of silence.

McIntyre then handed the biglietto to Bishop Martin J. O'Connor, the rector of the North American College, who read the message aloud. The announcement said the Pope had elevated the American prelate.

The same ceremony was enacted with the 15 other cardinals in the city.

### Trenary

TRENARY—Mrs. Alta Seigel has returned to Chicago after spending several days at the William Buckholz home. She was accompanied by her great granddaughter, Ronda Buckholz who will receive medical attention there.

Mr. and Mrs. Donald Leibner of Cheboygan spent the weekend here with Mrs. Leibner's parents, Mr. and Mrs. Vance Davis.

Lester Sayers left Tuesday for Rochester, Minn., where he will undergo surgery at the Mayo Clinic. Upon his release from the hospital he will leave for Arizona for an indefinite stay.

Services will be held at St. Rita's Church Thursday at 7:30 p. m. Following the services the Guild will meet at the parish hall.

### OIL PRODUCTION UP

SASKATOON, Canada (AP)—Saskatchewan's oil production of 1-215,511 barrels for the first nine months of 1952 was more than the output for the whole of 1950, and almost up to last year's 12-month total.

**DANGER IN WET FEET** —Parisians keep a weather eye on the statue of the French fighting man in the foreground, which stands guard at one of the pillars of the Pont de l'Alma, over the Seine River. When his feet are wet, it means the Seine is at flood stage. When water reaches his waist, downtown Paris is flooded. When the stony guardian of the Seine is submerged, much of central Paris is under water. The last time this happened was in 1910.

### Costly Miscue

INDIANAPOLIS (AP)—Motorist Abe Morris, 37, turned east into Michigan Street at Indiana Avenue, quickly realized he was heading the wrong way down a one-way street. He backed up and around the corner right into Police Car 27, halted for a traffic light.

## With Rennel Lost 25 Lbs.

"Rennel helps to curb my appetite and so I can eat all I want and still lose weight," writes Mrs. Elizabeth Scott, R. No. 1, Martin, Mich. "I needed to reduce but I also knew that I couldn't stand a strict diet. Using Rennel Concentrate I lost 25 pounds and feel so much better. For me Rennel is a wonderful product since it brings my appetite down and keeps me regular. It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel."
